GENERAL

The North Carolina Register shall be published twice a month and contains the following information submitted publication by a state agency:

- temporary rules; \equiv
- notices of rule-making proceed-9
- ext of proposed rules; $\mathfrak{S}\mathfrak{F}$
- text of permanent rules approved notices of receipt of a petition for by the Rules Review Commission; nunicipal incorporation, 3
- Executive Orders of the Governor; 9 E

required by G.S. 120-165;

- changes in laws affecting voting in of the Voting Rights Act of 1965, Attorney General concerning a jurisdiction subject of Section 5 final decision letters from the U.S. as required by G.S. 120-30.9H;
- orders of the Tax Review Board ssued under G.S. 105-241.2; and 8
- other information the Codifier of Rules determines to be helpful to the public. 6

The last day of the period so computed is runs until the preceding day which is not a COMPUTING TIME: In computing time in the schedule, the day of publication of the or State holiday, in which event the period included, unless it is a Saturday, Sunday, North Carolina Register is not included. Saturday, Sunday, or State holiday.

FILING DEADLINES

first or fifteenth of the month is not a Commission. If the first or fifteenth of any month is a Saturday, Sunday, or a holiday Register issue for that day will be published on the day of that month closest to (either before or after) the first or fifteenth SSUE DATE: The Register is published on the first and fifteen of each month if the for State employees, the North Carolina Saturday, Sunday, or State holiday for employees mandated by the State Personnel respectively that is not a Saturday, Sunday, or holiday for State employees.

filing for any issue is 15 days before the LAST DAY FOR FILING: The last day for issue date excluding Saturdays, Sundays, and holidays for State employees.

NOTICE OF RULE-MAKING **PROCEEDINGS**

rules is published, and the text of the proposed rule shall not be published until at END OF COMMENT PERIOD TO A OF RULE-MAKING PROcomments on the notice of rule-making proceeding until the text of the proposed east 60 days after the notice of rule-CEEDINGS: This date is 60 days from the issue date. An agency shall accept making proceedings was published. NOTICE

PUBLICATION OF TEXT: The date of the ISSUE FOR next issue following the end of the EARLIEST REGISTER comment period.

NOTICE OF TEXT

The hearing date shall be at least 15 days after the date a notice of the hearing is EARLIEST DATE FOR PUBLIC HEARING: oublished.

- rule for at least 30 days after the text is published or until the date of any public END OF REQUIRED COMMENT PERIOD ECONOMIC IMPACT: An agency shall accept comments on the text of a proposed (1) RULE WITH NON-SUBSTANTIAL hearings held on the proposed rule, whichever is longer.
- rule published in the Register and that has a substantial economic impact requiring a fiscal note under G.S. 150B-21.4(b1) for at least 60 days after publication or until the accept comments on the text of a proposed SUBSTANTIAL date of any public hearing held on the rule, ECONOMIC IMPACT: An agency shall WITH whichever is longer. (2) RULE

shall review a rule submitted to it on or DEADLINE TO SUBMIT TO THE RULES REVIEW COMMISSION: The Commission before the twentieth of a month by the last day of the next month.

ASSEMBLY: This date is the first legislative day of the next regular session of the General Assembly following approval of the rule by the FIRST LEGISLATIVE DAY OF THE NEXT REGULAR SESSION OF THE GENERAL Rules Review Commission. See G.S. 150B-21.3, Effective date of rules.

EXECUTIVE ORDER NO. 106 HURRICANE FRAN DISASTER LEAVE

WHEREAS, emergency, catastrophic conditions existed in the aftermath of Hurricane Fran; and,

WHEREAS, a state of emergency was declared as a result of the storm's impact and the Federal Emergency Management Agency designated the following counties as disaster areas: Alamance, Anson, Beaufort, Bertie, Bladen, Brunswick, Buncombe, Caswell, Carteret, Chatham, Chowan, Columbus, Craven, Cumberland, Davidson, Franklin, Granville, Greene, Guilford, Halifax, Harnett, Duplin, Durham, Edgecombe, Franklin, Henderson, Hertford, Hoke, Hyde, Johnston, Jones, Lee, Lenoir, Martin, Montgomery, Moore, Nash, New Hanover, Northampton, Onslow, Orange, Pamlico, Pender, Person, Pitt, Polk, Randolph, Richmond, Robeson, Rockingham, Rutherford, Sampson, Scotland, Stanly, Vance, Wake, Warren, Wayne, and Wilson; and,

WHEREAS, these disaster areas needed immediate and significant resources, including human resources, to cope with the catastrophe; and,

WHEREAS, under gubernatorial direction, many State employees in the federal-designated disaster areas did not report to work from September 6 through 13, 1996, but rather provided extraordinary assistance in disaster recovery and cleanup; and,

WHEREAS, it is necessary and appropriate to address the manner in which leave time for State employees is to be handled as a result of these disaster recovery and cleanup efforts.

NOW, THEREFORE, pursuant to the authority vested in me as Governor by the Constitution and laws of North Carolina, IT IS ORDERED.

Section 1. Leave and Compensation for the Period from September 6 through September 9, 1996

- a. State employees who either live or work in a federally designated disaster county and were not able to report to work from September 6 through September 9, 1996, because of Hurricane Fran shall not be charged leave for time away from work.
- b. State employees who neither live nor work in a federally designated disaster county but were unable to report to work from September 6 through 9, 1996, because of the hurricane shall be allowed to make up any time lost under the State's adverse weather policy.
 - c. State employees with job sites in the

federally-designated disaster counties shall be granted necessary compensatory time for time worked from September 6 through 9, 1996.

- (1) In special circumstances as determined in the sole discretion of the agency head for the agency of employment, employees subject to this subsection "c" may be paid in lieu of compensatory time.
- (2) Contract service workers shall not be granted compensatory time, or pay in lieu of such time, except in special circumstances as determined in the sole discretion of the applicable agency head.

Section 2. Leave and Compensation for the period from September 10 through September 13, 1996

State employees who either live or work in a federally-designated disaster county shall not be required to take leave for time invested in disaster-related cleanup and recovery activities during the period from September 10 through 13, 1996.

<u>Section 3.</u> <u>Employees Providing Emergency and Essential Services</u>

This Executive Order is not applicable to employees providing emergency and essential services. The designation of emergency and essential services shall be made on a case-by-case basis by the head of the agency of employment for the employee in question.

<u>Section</u> <u>4. Employees of Public Schools. the University of North Carolina System, and the General Court of Justice</u>

Employees of North Carolina's public schools, the University of North Carolina System, and the General Court of Justice shall comply with adverse weather policies or alternative guidelines adopted by their agencies of employment.

Section 5. Temporary Employees

This Executive Order is applicable to employees with temporary as well as permanent appointments.

Section 6. All Other State Employees

Except as otherwise provided herein, State employees shall comply with the adverse weather policy applicable to them in effect prior to the onslaught of Hurricane Fran.

This order shall become effective immediately.

Done in Raleigh, North Carolina, this the 11th day of December, 1996.

IN ADDITION

STATE OF NORTH CAROLINA

BEFORE THE TAX REVIEW BOARD

COUNTY OF WAKE

IN THE MATTER OF:

The Assessment of additional Sales and Use Tax proposed against SOUTHCHEM, INC., for the period of May 1, 1991 through March 31, 1994.

ADMINISTRATIVE DECISION NUMBER:

324

THIS MATTER was heard before the Tax Review Board (hereinafter "Board") on Tuesday, September 17, 1996, in the office of the State Treasurer in the City of Raleigh, Wake County, North Carolina. This matter involved a Petition filed by Southchem, Inc., (hereinafter "Taxpayer") from the Final Decision of Michael A. Hannah, Assistant Secretary for Legal and Administrative Services for the Department of Revenue (hereinafter "Assistant Secretary") entered on May 17, 1996, sustaining the assessment of additional sales and use tax proposed against the Taxpayer for the period of May 1, 1991 through March 31, 1994.

Chairman Harlan E. Boyles presided over the hearing with appointed member, Noel L. Allen, Attorney at Law participating. Thomas H. Lee, Jr., and G. Rhodes Craver, Attorneys at Law appeared on behalf of the Taxpayer; Marilyn R. Mudge, Assistant Attorney General, appeared on behalf of the Secretary of Revenue. Roland G. Hughey, Taxpayer's Vice President of Finance, was also present at hearing.

Taxpayer, a North Carolina corporation with its principal place of business in Durham County, is a distributor of chemical products and makes retail and wholesale sales of its products. Taxpayer's products are delivered in containers, primarily 55 gallon drums and large tote tanks. The drums are shipped to Taxpayer's customers on pallets. Taxpayer charges a deposit for the pallets, drums and tote tanks in connection with a percentage of its sales of chemical products. The decision as to whether a deposit is charged is a factor in Taxpayer's negotiations of the sales price of its products. Taxpayer's makes multiple use of the pallets, drums and tote tanks. Taxpayer's financial records show that the drums and tote tanks are treated as assets and the cost of pallets are treated as a expense item of the business.

The two issues considered by the Assistant Secretary at the hearing below were:

- 1. Whether containers purchased by Taxpayer and transferred to its customers were part of Taxpayer's sale of chemical products and thus exempt from sales and use tax pursuant to G.S. §105-164.13(23); and
- 2. Whether Taxpayer's use of mixing and dispensing equipment to mix various chemicals and substances constitutes a manufacturing activity, thus qualifying the sale of this mixing machinery for a one percent (1%) tax rate with a maximum tax of \$80.00 per item.

As a general rule, the purpose of this Board is provide administrative review to a Taxpayer from the Secretary of Revenue's decisions sustaining the assessment of tax or additional tax pursuant to North Carolina Revenue Laws. The scope of administrative review for Petitions filed with the Board is governed by G.S. §105-241.2(b2). G.S. §105-241.2 states in pertinent part:

(b2) ... After conducting a hearing, the Board shall confirm, modify, reverse, reduce or increase the assessment or decision of the Secretary.

With regard to the statutory provisions applicable in this matter, the Board notes that:

- 1. G.S. §105-164.13(23) exempts from sales and use tax "containers ... and like articles sold to manufacturers, producers and retailers, when such materials are used for packaging, shipment or delivery of tangible personal property which is sold either at wholesale or retail when such articles constitute a part of the sale of such tangible personal property and are delivered with it to the customer."
- 2. G.S. §105-164.4(a)(1d)b grants a partial exemption and provides that "The rate of one percent (1%) applies to the sales price of the following articles. The maximum tax rate is eighty dollars (\$80.00) per article." b. "Sales of mill machinery or mill machinery parts and accessories to manufacturing industries and plants...."

- 3. Provisions in a tax statute granting an exemption from taxation thereby imposed are strictly construed in favor of the imposition of the tax and against the claim of exemption for taxation. Hatteras Yacht Co. v. High, 265 N.C. 653, 144 S.E.2d 821 (1965).
- 3. The one who claims an exemption or exception from tax coverage has the burden of bringing himself within the exemption or exception. *Piedmont Canteen Serv.*, *Inc. v. Johnson*, 256 N.C. 155, 123, S.E.2d 582 (1962).

In order for Taxpayer, a chemical distributor, to bring itself within the exemption of G.S. §105-164.13(23), Taxpayer must show that the pallets, drums and tote tanks it purchases are sold as part of the chemical product sales. In order for Taxpayer to qualify for the exemption under G.S. §105-164.4(a)(1d)b, it must demonstrate both that the equipment purchased constitutes "mill machinery" and that the Taxpayer itself is a "manufacturing industry or plant."

The Board having conducted a hearing in this matter and having reviewed the Petition, the briefs, the record, the Assistant Secretary's final decision and having considered the arguments of counsel rendered the following decision: that the findings of fact made by the Assistant Secretary were fully supported by competent evidence in the record, that the conclusions of law made by the Assistant Secretary were fully supported by the findings of fact, and that the decision by the Assistant Secretary was fully supported by the conclusions of law. Taxpayer failed to carry its burden of establishing its eligibility for the exemption under G.S. §105-105-164.13(23) and the partial exemption granted by G.S. §105-164.4(a)(1d)b.

IT IS THEREFORE ORDERED that the Final Decision of the Assistant Secretary is CONFIRMED in every respect.

Entered this the 3rd day of January, 1997.

STATE OF NORTH CAROLINA

BEFORE THE TAX REVIEW BOARD

COUNTY OF WAKE

IN THE MATTER OF:

The Proposed assessment of Controlled Substance Excise tax for possession of non-tax-paid Controlled Substance on May 7, 1992, by the Secretary of Revenue against JAMES ANTHONY BRYANT

ADMINISTRATIVE

DECISION NUMBER:

<u>325</u>

THIS MATTER was heard before the Regular Tax Review Board (hereinafter "Board") on Tuesday, September 17, 1996, in the City of Raleigh, Wake County, North Carolina in the office of the State Treasurer for the purpose of conducting a hearing on the Petition of James Anthony Bryant (hereinafter "Taxpayer") which was filed with the Board on May 5, 1995, pursuant to the provisions of G.S. §105-241.2. The petition concerned administrative review of the Final Decision of Michael A. Hannah, Assistant Secretary for Legal and Administrative Services (hereinafter "Assistant Secretary") entered on March 5, 1995, sustaining a proposed assessment of controlled substance excise tax for possession of non-tax-paid controlled substance for the period of May 7, 1992, assessed against the Taxpayer.

Chairman Harlan E. Boyles, State Treasurer presided over the hearing with duly appointed member, Noel A. Allen, Attorney at Law participating.

Attorney A. Jackson Warmack, Jr., appeared at the hearing on Taxpayer's behalf. Christopher E. Allen, Assistant Attorney General, appeared at the hearing on behalf of the Department of Revenue.

In the petition, the Taxpayer argued that the Assistant Secretary erred in sustaining the assessment of the controlled substance excise tax because he denied possessing a controlled substance.

The purpose of this Board is to provide administrative review to a Taxpayer from the Secretary of Revenue's decision sustaining the assessment of tax or additional tax pursuant to North Carolina Revenue Laws. The scope of administrative review for Petitions filed with the Board is governed by G.S. §105-241.2(b2). G.S. § 105-241.2 states in pertinent part:

(b2).. the Board shall confirm, modify, reverse, reduce or increase the assessment or decision of the Secretary.

On review, the Board determined that G.S. §105-113.105 et. seq. provides for the levy of an excise tax on persons (dealers) who possess a non-tax-paid controlled substance. The controlled substance is measured "by the weight of the substance whether pure, impure or dilute." G.S. § 105-113.107. A proposed assessment of the excise tax is presumed to be correct pursuant to G.S. § 105-241.1(a), thus the burden is on the Taxpayer to overcome this presumption and rebut the assessment.

The Board having conducted a hearing in this matter and having reviewed the Petition, the briefs, the record, the Assistant Secretary's final decision and having considered the arguments of counsel rendered the following decision: that the findings of fact made by the Assistant Secretary were fully supported by competent evidence in the record; that the conclusions of law made by the Assistant Secretary were fully supported by the findings of fact; and that the decision by the Assistant Secretary sustaining the tax assessment was fully supported by the conclusions of law. From the record, there was a reasonable basis to presume that the Taxpayer was in possession of the controlled substance. Pursuant to G.S. § 105-241.1(a), the proposed assessment of the excise tax is presumed to be correct.

IN ADDITION

IT IS THEREFORE ORDERED, that the Assistant Secretary's final decision sustaining the assessment is CONFIRMED.

Entered this the 3rd day of January, 1997.

IN THE MATTER OF:

The Proposed assessment of Controlled Substance Excise tax for possession of non-tax-paid Controlled Substance on May 7, 1992, by the 326

ADMINISTRATIVE DECISION NUMBER:

Secretary of Revenue against DEREK DARRYL GARRIS

THIS MATTER was heard before the Regular Tax Review Board (hereinafter "Board") on Tuesday, September 17, 1996, in the City of Raleigh, Wake County, North Carolina in the office of the State Treasurer for the purpose of conducting a hearing on the Petition of **Derek Darryl Garris** (hereinafter "Taxpayer") which was filed with the Board on May 8, 1995, pursuant to the provisions of G.S. §105-241.2. The petition concerned administrative review of the Final Decision of Michael A. Hannah, Assistant Secretary for Legal and Administrative Services (hereinafter "Assistant Secretary") entered on March 5, 1995, sustaining a proposed assessment of controlled substance excise tax for possession of non-tax-paid controlled substance for the period of May 7, 1992, assessed against the Taxpayer.

Chairman Harlan E. Boyles, State Treasurer presided over the hearing with duly appointed member, Noel A. Allen, Attorney at Law participating.

Attorney A. Jackson Warmack, Jr., appeared at the hearing on Taxpayer's behalf. Christopher E. Allen, Assistant Attorney General, appeared at the hearing on behalf of the Department of Revenue.

In the petition, the Taxpayer argued that the Assistant Secretary erred in sustaining the assessment of the controlled substance excise tax because he denied possessing a controlled substance.

The purpose of this Board is to provide administrative review to a Taxpayer from the Secretary of Revenue's decision sustaining the assessment of tax or additional tax pursuant to North Carolina Revenue Laws. The scope of administrative review for Petitions filed with the Board is governed by G.S. §105-241.2(b2). G.S. § 105-241.2 states in pertinent part:

(b2).. the Board shall confirm, modify, reverse, reduce or increase the assessment or decision of the Secretary.

On review, the Board determined that G.S. §105-113.105 et. seq. provides for the levy of an excise tax on persons (dealers) who possess a non-tax-paid controlled substance. The controlled substance is measured "by the weight of the substance whether pure, impure or dilute." G.S. § 105-113.107. A proposed assessment of the excise tax is presumed to be correct pursuant to G.S. § 105-241.1(a), thus the burden is on the Taxpayer to overcome this presumption and rebut the assessment.

The Board having conducted a hearing in this matter and having reviewed the Petition, the briefs, the record, the Assistant Secretary's final decision and having considered the arguments of counsel rendered the following decision: that the findings of fact made by the Assistant Secretary were fully supported by competent evidence in the record; that the conclusions of law made by the Assistant Secretary were fully supported by the findings of fact; and that the decision by the Assistant Secretary sustaining the tax assessment was fully supported by the conclusions of law. From the record, there was a reasonable basis to presume that the Taxpayer was in possession of the controlled substance. Pursuant to G.S. § 105-241.1(a), the proposed assessment of the excise tax is presumed to be correct.

IN ADDITION

IT IS THEREFORE ORDERED, that the Assistant Secretary's final decision sustaining the assessment is CONFIRMED.

A Notice of Rule-making Proceedings is a statement of subject matter of the agency's proposed rule making. The agency must publish a notice of the subject matter for public comment at least 60 days prior to publishing the proposed text of a rule. Publication of a temporary rule serves as a Notice of Rule-making Proceedings and can be found in the Register under the section heading of Temporary Rules. A Rule-making Agenda published by an agency serves as Rule-making Proceedings and can be found in the Register under the section heading of Rule-making Agendas. Statutory reference: G.S. 150B-21.2.

TITLE 15A - DEPARTMENT OF ENVIRONMENT, HEALTH. AND NATURAL RESOURCES

CHAPTER 10 - WILDLIFE RESOURCES AND WATER SAFETY

SUBCHAPTER 10F - MOTORBOATS AND WATER SAFETY

Notice of Rule-making Proceedings is hereby given by the North Carolina Wildlife Commission in accordance with G.S. 150B-21.2. The agency shall subsequently publish in the Register the text of the rule(s) it proposes to adopt as a result of this notice of rule-making proceedings and any comments received on this notice.

Citation to Existing Rules Affected by this Rule-Making: 15A NCAC 10F .0308 and .0339 - Other rules may be proposed in the course of the rule-making process.

Authority for the rule-making: G.S. 75A-3; 75A-15;

Statement of the Subject Matter:

15A NCAC 10F .0308 - Establish no wake zone on Lake Chatuge in Clay County.

15A NCAC 10F .0339 - Establish no wake zone on Lake James in McDowell County.

Reason for Proposed Action: 15A NCAC 10F .0308 and .0339 - To regulate boat speed in congested area.

Comment Procedures: The record will be open for receipt of written comments from February 3, 1997 - April 4, 1997. Such written comments must be delivered or mailed to the North Carolina Wildlife Resources Commission, 512 N. Salisbury Street, Raleigh, NC 27604-1188.

CHAPTER 19 - HEALTH: EPIDEMIOLOGY

Notice of Rule-making Proceedings is hereby given by the EHNR - Commission for Health Services in accordance with G.S. 150B-21.2. The agency shall subsequently publish in the Register the text of the rule(s) it proposes to adopt as a result of this notice of rule-making proceedings and any comments received on this notice.

Citation to Existing Rules Affected by this Rule-Making: 15A NCAC 19A .0203

Authority for the rule-making: G.S. 130A-135; 130A-144

Statement of the Subject Matter: Control Measures - Hepatitis B

Reason for Proposed Action: The rules setting forth the control measures for hepatitis B need to be changed to incorporate a procedure for the management of infected children in school or day care settings. Such a procedure already exists for the management of children infected with HIV, the virus that causes AIDS.

Comment Procedures: Written comments can be submitted to Steve Martin, the Division of Epidemiology, P.O. Box 29601, Raleigh, NC 27626-0601 or by calling 919/715-6735 by April 4, 1997.

This Section contains the text of proposed rules. At least 60 days prior to the publication of text, the agency published a Notice of Rule-making Proceedings. The agency must accept comments on the proposed rule for at least 30 days from the publication date, or until the public hearing, or a later date if specified in the notice by the agency. The required comment period is 60 days for a rule that has a substantial economic impact of at least five million dollars (\$5,000,000). Statutory reference: G.S. 150B-21.2.

TITLE 15A - DEPARTMENT OF ENVIRONMENT, HEALTH, AND NATURAL RESOURCES

Notice is hereby given in accordance with G.S. 150B-21.2 that the EHNR/Environmental Management Commission intends to amend rules cited as 15A NCAC 2L. 0106; 2N.0701, .0707; 2P.0402 and adopt 2L.0115. Notice of Rule-making Proceedings was published in the Register on November 1, 1996.

Proposed Effective Date: October 1, 1997

A Public Hearing will be conducted at:

GREENVILLE

Tuesday, March 4, 1997 7:00 PM - 10:00 PM Pitt County Community College Highway 11 South Fulford Building - Room # 153

<u>HICKORY</u> Thursday, March 6, 1997 7:00 PM Catawba Valley Community College 2550 Highway 70-Southeast Teaching Auditorium

<u>RALEIGH</u>
Tuesday, March 18, 1997
7:00 PM
Archdale Building
512 North Salisbury Street Ground Floor Hearing Room

Reason for Proposed Action: The Environmental Management

Commission has proposed the adoption of Amendments to 15A NCAC 2L .0106 (Corrective Action), Adoption of 15A NCAC 2L .0115 (Risk Based Corrective Action for Petroleum Underground Storage Tanks), Amendments to 15A NCAC 2P .0402 (Cleanup Costs), Amendments to 15A NCAC 2N .0701 (Release Response and Corrective Action for UST Systems Containing Petroleum or Hazardous Substances - General), Amendments to 15A NCAC 2N .0707 (Release Response and Corrective Action for UST Systems Containing Petroleum or Hazardous Substances - Corrective Action Plan), to Specify the Conditions Under which Risk-Based Corrective Action will be Performed, to Specify Requirements for Cleanup, and Conditions for State Trust Fund Reimbursement

The adoption of these Rules will specify a risk based

approach for the assessment and cleanup of discharges resulting from releases from petroleum underground storage These rule changes are necessary in order to fully enact the requirements of North Carolina General Statute (NCGS) 143-215.94V and Chapter 648 of Senate Bill 1317 (1995{1996 Regular Session} C.648). This rule-making is intended to assure that state trust fund reimbursements are continued for sites that pose the greatest risk and to reduce the demand on trust funds for those sites that are not a threat to public health or the environment. Final approval of the changes to all of these rules will result in the Division of Water Quality no longer needing to rely on Temporary Rule amendments to 15A NCAC 2L .0106(r) and (s), that became effective January 2, 1996. The proposed rule-making will include the requirements of the Temporary Rules except that they clarify that these requirements apply to releases or discharges that are not governed by 15A NCAC 2L .0115. No change in regulatory requirements is specified for persons who have a release that is not governed by 15A NCAC 2L .0115. These persons must satisfy the criteria of 15A NCAC 2L .0106 (r) and (s) since these persons are presently required to meet the criteria of the Temporary

The adoption of 15A NCAC 2L .0115 (Risk Based Corrective Action for Petroleum Underground Storage Tanks) will require the owner or operator or a landowner, eligible for reimbursement from the state's Commercial and Noncommercial Underground Storage Tank Trust Funds pursuant to NCGS 143-215.94E(b1) or any other person responsible for assessment and cleanup of a discharge or release from an underground storage tank, to submit the necessary information that will allow the Department to determine the degree of risk to human health and the environment that is posed by a discharge or release from a petroleum underground storage tank.

The intent of the classification process will be to identify, as early as possible in the regulatory process, what assessment and release response is necessary at a site to protect human health and the environment. Proposed site classification takes into account both the current and potential future use of groundwater as a source for drinking water and for non-drinking water uses (e.g., washing cars, filling swimming pools). The rule proposes that releases be classified as "high, intermediate, or low risk".

The rule contains a provision that allows for "no cleanup, no further cleanup, or no action" to be taken at a site if certain conditions are met and the site is determined to be "low risk". Once this determination is made, costs incurred by a responsible party for further assessment and/or cleanup activities will not be reimbursable from the

Commercial or Noncommercial Trust Funds unless any of the conditions specified in G.S. 143-215.94V(e)(1) are applicable. Under the proposed rules sites will be classified according to the criteria in 15A NCAC 2L .0115(d)(3). This classification will be made by the Department pursuant to the review of site specific data submitted by the responsible party.

Comment Procedures: Interested persons may contact David Hance at (919) 715-6189 for more information. Oral comments may be made during the hearing. All written comments must be submitted by April 4, 1997. Written copies of oral statements exceeding three minutes are requested. Oral statements may be limited at the discretion of the hearing officers. Mail comments to: David Hance, DEHNR- DWQ Groundwater Section, P.O. Box 29578, Raleigh, NC 27626-0578.

Fiscal Note: 15A NCAC 2L .0115 will affect State funds distributed as a result of the continued implementation of the Leaking Petroleum Underground Storage Tank Clean-up Act of 1988. All other Rules do not affect the expenditures or revenues of state or local government funds. These Rules do not have a substantial economic impact of at least five million dollars (\$5,000,000) in a 12-month period.

CHAPTER 2 - ENVIRONMENTAL MANAGEMENT

SUBCHAPTER 2L - GROUNDWATER CLASSIFICATION AND STANDARDS

SECTION .0100 - GENERAL CONSIDERATIONS

.0106 CORRECTIVE ACTION

- (a) Where groundwater quality has been degraded, the goal of any required corrective action shall be restoration to the level of the standards, or as closely thereto as is economically and technologically feasible. In all cases involving requests to the Director for approval of corrective action plans, or termination of corrective action, the responsibility for providing all information required by this Rule lies with the person(s) making the request.
- (b) Any person conducting or controlling an activity which results in the discharge of a waste or hazardous substance or oil to the groundwaters of the State, or in proximity thereto, shall take immediate action to terminate and control the discharge, mitigate any hazards resulting from exposure to the pollutants and notify the Division of the discharge.
- (c) Any person conducting or controlling an activity which has not been permitted by the Division and which results in an increase in the concentration of a substance in excess of the standard, other than agricultural operations, shall:
 - (1) immediately notify the Division of the activity that has resulted in the increase and the contaminant concentration levels:

- (2) take immediate action to eliminate the source or sources of contamination;
- (3) submit a report to the Director assessing the cause, significance and extent of the violation; and
- (4) implement an approved corrective action plan for restoration of groundwater quality in accordance with a schedule established by the Director, or his designee. In establishing a schedule the Director, or his designee shall consider any reasonable schedule proposed by the person submitting the plan. A report shall be made to the Health Director of the county or counties in which the contamination occurs in accordance with the requirements of Rule .0114(a) in this Section.
- (d) Any person conducting or controlling an activity which is conducted under the authority of a permit issued by the Division and which results in an increase in concentration of a substance in excess of the standards:
 - (1) at or beyond a review boundary, shall demonstrate, through predictive calculations or modeling, that natural site conditions, facility design and operational controls will prevent a violation of standards at the compliance boundary; or submit a plan for alteration of existing site conditions, facility design or operational controls that will prevent a violation at the compliance boundary, and implement that plan upon its approval by the Director, or his designee.
 - (2) at or beyond a compliance boundary, shall assess the cause, significance and extent of the violation of standards and submit the results of the investigation, and a plan and proposed schedule for corrective action to the Director, or his designee. The permittee shall implement the plan as approved by and in accordance with a schedule established by the Director, or his designee. In establishing a schedule the Director, or his designee shall consider any reasonable schedule proposed by the permittee.
- (e) For the purposes of Paragraphs (c) and (d) of this Rule, an activity conducted under the authority of a permit issued by the Division, and subject to Paragraph (d) of this Rule, is one for which:
 - (1) a permit has been issued pursuant to G.S. 143-215.1;
 - (2) the permit was originally issued after December 30, 1983;
 - (3) the substance for which a standard has been exceeded outside the compliance boundary has been released to groundwater as a result of the permitted activity;
 - (4) all other activities shall for the purpose of this Rule be deemed not permitted by the Division and subject to the provisions of Paragraph (c) of this Rule.
- (f) Corrective action required following discovery of the unauthorized release of a contaminant to the surface or subsurface of the land, and prior to or concurrent with the

assessment required in Paragraphs (c) and (d) of this Rule, shall include, but is not limited to:

- Prevention of fire, explosion or the spread of noxious fumes;
- (2) Abatement, containment or control of the migration of contaminants;
- (3) Removal, or treatment and control of any primary pollution source such as buried waste, waste stockpiles or surficial accumulations of free products;
- (4) Removal, treatment or control of secondary pollution sources which would be potential continuing sources of pollutants to the groundwaters such as contaminated soils and non-aqueous phase liquids. Contaminated soils which threaten the quality of groundwaters must be treated, contained or disposed of in accordance with applicable rules and procedures established by the Division. The treatment or disposal of contaminated soils shall be conducted in a manner that will not result in a violation of standards or North Carolina Hazardous Waste Management rules.
- (g) The site assessment conducted pursuant to the requirements of Paragraph (c) of this Rule, shall include:
 - (1) The source and cause of contamination;
 - (2) Any imminent hazards to public health and safety and actions taken to mitigate them in accordance with Paragraph (f) of this Rule;
 - (3) All receptors and significant exposure pathways;
 - (4) The horizontal and vertical extent of soil and groundwater contamination and all significant factors affecting contaminant transport; and
 - (5) Geological and hydrogeological features influencing the movement, chemical, and physical character of the contaminants.

Reports of site assessments shall be submitted to the Division as soon as practicable or in accordance with a schedule established by the Director, or his designee. In establishing a schedule the Director, or his designee shall consider any reasonable proposal by the person submitting the report.

- (h) Corrective action plans for restoration of groundwater quality, submitted pursuant to Paragraphs (c) and (d) of this Rule shall include:
 - (1) A description of the proposed corrective action and reasons for its selection.
 - (2) Specific plans, including engineering details where applicable, for restoring groundwater quality.
 - (3) A schedule for the implementation and operation of the proposed plan.
 - (4) A monitoring plan for evaluating the effectiveness of the proposed corrective action and the movement of the contaminant plume.
- (i) In the evaluation of corrective action plans, the Director, or his designee shall consider the extent of any violations, the extent of any threat to human health or

safety; the extent of damage or potential adverse impact to the environment, technology available to accomplish restoration, the potential for degradation of the contaminants in the environment, the time and costs estimated to achieve groundwater quality restoration, and the public and economic benefits to be derived from groundwater quality restoration.

- (j) A corrective action plan prepared pursuant to Paragraph (c) or (d) of this Rule must be implemented using the best available technology for restoration of groundwater quality to the level of the standards, except as provided in Paragraphs (k), (l), and (m), (m), (r) and (s) of this Rule.
- (k) Any person required to implement an approved corrective action plan for a non-permitted site pursuant to this Rule may request that the Director approve such a plan without requiring groundwater remediation to the standards. A request submitted to the Director under this Paragraph shall include a description of site specific conditions, including information on the availability of public water supplies for the affected area; the technical basis for the request; and any other information requested by the Director to thoroughly evaluate the request. In addition, the person making the request must demonstrate to the satisfaction of the Director:
 - (1) that all sources of contamination and free product have been removed or controlled pursuant to Paragraph (f) of this Rule;
 - (2) that the time and direction of contaminant travel can be predicted with reasonable certainty;
 - (3) that contaminants have not and will not migrate onto adjacent properties, or that:
 - (A) such properties are served by an existing public water supply system dependent on surface waters or hydraulically isolated groundwater, or
 - (B) the owners of such properties have consented in writing to the request;
 - (4) that the standards specified in Rule .0202 of this Subchapter will be met at a location no closer than one year time of travel upgradient of an existing or foreseeable receptor, based on travel time and the natural attenuation capacity of subsurface materials or on a physical barrier to groundwater migration that exists or will be installed by the person making the request;
 - (5) that, if the contaminant plume is expected to intercept surface waters, the groundwater discharge will not possess contaminant concentrations that would result in violations of standards for surface waters contained in 15A NCAC 2B .0200;
 - (6) that public notice of the request has been provided in accordance with Rule .0114(b) of this Section;
 - (7) that the proposed corrective action plan would be consistent with all other environmental laws.
- (l) Any person required to implement an approved corrective action plan for a non-permitted site pursuant to

this Rule may request that the Director approve such a plan based upon natural processes of degradation and attenuation of contaminants. A request submitted to the Director under this Paragraph shall include a description of site specific conditions, including written documentation of projected groundwater use in the contaminated area based on current state or local government planning efforts; the technical basis for the request; and any other information requested by the Director to thoroughly evaluate the request. In addition, the person making the request must demonstrate to the satisfaction of the Director:

- (1) that all sources of contamination and free product have been removed or controlled pursuant to Paragraph (f) of this Rule;
- (2) that the contaminant has the capacity to degrade or attenuate under the site-specific conditions;
- (3) that the time and direction of contaminant travel can be predicted with reasonable certainty;
- (4) that contaminant migration will not result in any violation of applicable groundwater standards at any existing or foreseeable receptor;
- (5) that contaminants have not and will not migrate onto adjacent properties, or that:
 - (A) such properties are served by an existing public water supply system dependent on surface waters or hydraulically isolated groundwater, or
 - (B) the owners of such properties have consented in writing to the request;
- (6) that, if the contaminant plume is expected to intercept surface waters, the groundwater discharge will not possess contaminant concentrations that would result in violations of standards for surface waters contained in 15A NCAC 2B .0200;
- (7) that the person making the request will put in place a groundwater monitoring program sufficient to track the degradation and attenuation of contaminants and contaminant by-products within and down gradient of the plume and to detect contaminants and contaminant by-products prior to their reaching any existing or foreseeable receptor at least one year's time of travel upgradient of the receptor and no greater than the distance the groundwater at the contaminated site is predicted to travel in five years;
- (8) that all necessary access agreements needed to monitor groundwater quality pursuant to Subparagraph (7) of this Paragraph have been or can be obtained:
- (9) that public notice of the request has been provided in accordance with Rule .0114(b) of this Section; and
- (10) that the proposed corrective action plan would be consistent with all other environmental laws.
- (m) The Division or any person required to implement an approved corrective action plan for a non-permitted site pursuant to this Rule may request that the Director approve

termination of corrective action.

- (1) A request submitted to the Director under this Paragraph shall include:
 - (A) a discussion of the duration of the corrective action, the total project's cost, projected annual cost for continuance and evaluation of the success of the corrective action:
 - (B) an evaluation of alternate treatment technologies which could result in further reduction of contaminant levels projected capital and annual operating costs for each technology;
 - (C) effects, including health and safety impacts, on groundwater users if contaminant levels remain at levels existing at the time corrective action is terminated; and
 - (D) any other information requested by the Director to thoroughly evaluate the request.
- (2) In addition, the person making the request must demonstrate to the satisfaction of the Director:
 - (A) that continuation of corrective action would not result in a significant reduction in the concentration of contaminants (At a minimum this demonstration must show the duration and degree of success of existing remedial efforts to attain standards and include a showing that the asymptotic slope of the contaminants curve of decontamination is less than a ratio of 1:40 over a term of one year based on quarterly sampling):
 - (B) that contaminants have not and will not migrate onto adjacent properties, or that:
 - (i) such properties are served by an existing public water supply system dependent on surface waters or hydraulically isolated groundwater,
 - (ii) the owners of such properties have consented in writing to the request;
 - (C) that, if the contaminant plumes expected to intercept surface waters, the groundwater discharge will not possess contaminant concentrations that would result in violations of standards for surface waters contained in 15A NCAC 2B .0200;
 - (D) that public notice of the request has been provided in accordance with Rule .0114(b) of this Section; and
 - (E) that the proposed termination would be consistent with all other environmental laws.
- (3) The Director shall not authorize termination of corrective action for any area that, at the time the request is made, has been identified by a state or local groundwater use planning process for resource development.

- (4) The Director may authorize the termination of corrective action, or amend the corrective action plan after considering all the information in the request. Upon termination of corrective action, the Director shall require implementation of a groundwater monitoring program sufficient to track the degradation and attenuation of contaminants at a location of at least one year's predicted time of travel upgradient of any existing or foreseeable receptor. The monitoring program shall remain in effect until there is sufficient evidence that the contaminant concentrations have been reduced to the level of the standards.
- (n) Upon a determination by the Director that continued corrective action would result in no significant reduction in contaminant concentrations, and the contaminated groundwaters can be rendered potable by treatment using readily available and economically reasonable technologies, the Director may designate the remaining area of degraded groundwater RS. Where the remaining degraded groundwaters cannot be made potable by such treatment, the Director may consider a request for reclassification of the groundwater to a GC classification as outlined in Rule .0201 of this Subchapter.
- (o) If at any time the Director determines that a new technology is available that would remediate the contaminated groundwater to the standards specified in Rule .0202 of this Subchapter, the Director may require the responsible party to evaluate the economic and technological feasibility of implementing the new technology in an active groundwater corrective action plan in accordance with a schedule established by the Director. The Director's determination to utilize new technology at any site or for any particular constituent shall include a consideration of the factors in Paragraph (h) of this Rule.
- (p) Where standards are exceeded as a result of the application of pesticides or other agricultural chemicals, the Director shall request the Pesticide Board or the Department of Agriculture to assist the Division of Environmental Management in determining the cause of the violation. If the violation is determined to have resulted from the use of pesticides, the Director shall request the Pesticide Board to take appropriate regulatory action to control the use of the chemical or chemicals responsible for, or contributing to, such violations, or to discontinue their use.
- (q) The approval pursuant to this Rule of any corrective action plan, or modification or termination thereof, which permits the migration of a contaminant onto adjacent property, shall not affect any private right of action by any party which may be effected by that contamination.
- (r) If a discharge or release is not governed by 15A NCAC 2L .0115 and the increase in the concentration of a substance in excess of the standard resulted in whole or in part from a release from a commercial or noncommercial underground storage tank as defined in G.S. 143-215.94A, any person required to implement an approved corrective action plan pursuant to this Rule and seeking reimbursement

- for the Commercial or Noncommercial Leaking Petroleum Underground Storage Tank Cleanup Funds shall implement a corrective action plan meeting the requirements of Paragraphs (k) or (l) of this Rule unless such a person demonstrates to the Director that:
 - (1) contamination resulting from the discharge cannot qualify for approval of a plan based on the requirements of the Paragraphs; or
 - (2) the cost of making such a demonstration would exceed the cost of implementing a corrective action plan submitted pursuant to Paragraph (c) of this Rule.
- (s) If a discharge or release is not governed by 15A NCAC 2L .0115 and the increase in the concentration of a substance in excess of the standard resulted in whole or in part from a release from a commercial or noncommercial underground storage tank as defined in G.S. 143-215.94A, the Director may require any person implementing or operating a previously approved corrective action plan pursuant to this Rule to:
 - (1) develop and implement a corrective action plan meeting the requirements of Paragraphs (k) and (l) of this Rule; or
 - (2) seek discontinuance of corrective action pursuant to Paragraph (m) of this Rule.

Authority G.S. 143-215.2; 143-215.3(a)(1); 143-215.94A; 143-215.94(T); 143-215.94V; 143B-282; 1995 (Reg. Sess.; 1996) c. 648, s. 1.

.0115 RISK-BASED ASSESSMENT AND CORRECTIVE ACTION FOR PETROLEUM UNDERGROUND STORAGE TANKS

- (a) The purpose of this Rule is to establish procedures for risk-based assessment and corrective action sufficient to:
 - (1) protect human health and the environment;
 - (2) abate and control contamination of the waters of the State as deemed necessary to protect human health and the environment;
 - (3) permit management of the State's groundwaters to protect their designated current usage and potential future uses;
 - (4) provide for anticipated future uses of the State's groundwater;
 - (5) recognize the diversity of contaminants, the State's geology and the characteristics of each individual site; and
 - (6) accomplish these goals in a cost-efficient manner to assure the best use of the limited resources available to address groundwater pollution within the State.
- (b) This Rule applies to any discharge or release from a "commercial underground storage tank" or a "noncommercial underground storage tank," as those terms are defined in G.S. 143-215.94A, which is reported on or after the effective date of this Rule. This Rule shall apply

to discharges or releases reported before the effective date of this Rule to the extent that the Department determines that application of all or part of the Rule is necessary to protect human health or the environment or may result in a more cost-effective assessment and cleanup of the discharge or release. The requirements of this Rule shall apply to the owner and operator of the underground storage tank from which the discharge or release occurred, a landowner seeking reimbursement from the Commercial Leaking Underground Storage Tank Fund or the Noncommercial Leaking Underground Storage Tank Fund under G.S. 143-215.94E, and any other person responsible for the assessment or cleanup of a discharge or release from an underground storage tank, including any person who has conducted or controlled an activity which results in the discharge or release of petroleum or petroleum products as defined in G.S. 143-215.94A(10) to the groundwaters of the State, or in proximity thereto; these persons shall be collectively referred to for purposes of this Rule as the "responsible party." This Rule shall be applied in a manner consistent with the Rules found in 15A NCAC 2N in order to assure that the State's requirements regarding assessment and cleanup from underground storage tanks are no less stringent than Federal requirements.

(c) A responsible party shall:

- (1) take immediate action to prevent any further discharge or release of petroleum from the underground storage tank; identify and mitigate any fire, explosion or vapor hazard; remove any free product; and comply with the requirements of Rules .0601 through .0604 and .0701 through .0703 and .0705 of Subchapter 2N;
- (2) incorporate the requirements of 15A NCAC 2N .0704 into the submittal required under Subparagraph (3) of this Paragraph or the limited site assessment report required under Subparagraph (4) of this Paragraph, whichever is applicable. Such submittals shall constitute compliance with the reporting requirements of 15A NCAC 2L .0704(b);
- submit within 90 days of the discovery of the (3) discharge or release a soil contamination report containing information sufficient to show that unexcavated soil remaining in the unsaturated zone does not contain contaminant levels which exceed either the "soil-to-groundwater" or the soil residential maximum contaminant concentrations established by the Department pursuant to Paragraph (m) of this Rule, whichever is lower. If such showing is made, the discharge or release shall be classified as low risk by the Department;
- (4) if the required showing cannot be made under Subparagraph (3) of this Paragraph, submit within 90 days of the discovery of the discharge or release, or within such other time limit approved by the Department, a report containing

information needed by the Department to classify the level of risk to human health and the environment posed by a discharge or release under by Paragraph (d) of this Rule. Such report shall include, at a minimum:

- (A) a location map, based on a USGS topographic map, showing the radius of 1500 feet from the source area of a confirmed release or discharge and depicting all water supply wells and surface waters within the 1500-foot radius;
- (B) a determination of whether the source area of the discharge or release is within a designated wellhead protection area as defined in 42 USC 300h-7(e);
- (C) if the discharge or release is in the Coastal Plain physiographic region as designated on a map entitled "Geology of North Carolina" published by the Department in 1985, a determination of whether the source area of the discharge or release is located in an area in which there is recharge to an unconfined or semi-confined deeper aquifer which is being used or may be used as a principal source of drinking water;
- (D) a determination of whether vapors from the discharge or release pose a threat of explosion due to the accumulation of vapors in a confined space or pose any other serious threat to public health, public safety or the environment;
- (E) a scaled site map showing the location of the following which are on or adjacent to the property where the source is located: site boundaries, roads, buildings, basements, floor and storm drains, subsurface utilities, septic tanks and leach fields, underground storage tank systems, monitoring wells, borings and the sampling points;
- (F) the results from a limited site assessment which shall include:
 - the analytical results of one soil (i) <u>during</u> sample collected construction of a monitoring well installed in the source area of each confirmed discharge or release and either the analytical results of a groundwater sample collected from the well or, if free product is present in the well, the amount of free product in the well. The soil sample shall be collected from the suspected worst-case location exhibiting visible contamination or elevated levels of volatile organic compounds in the

borehole;

- if any constituent in the groundwater (ii) sample from the source area monitoring <u>well</u> installed accordance with Subpart (i) of this exceeds the standards or Part interim standards established in 15A NCAC 2L .0202 by a factor of 10 and is a discharge or release from a commercial underground storage tank, the analytical results from a groundwater sample collected from each of four additional monitoring wells or, if free product is present in any of the wells, the amount of free product in such well. The four additional monitoring wells will be installed as follows: as best as can be determined, one upgradient of the source of contamination; two downgradient of the source of contamination; and one verticalwell immediately downgradient from the source but within the area of contamination;
- (iii) if the four additional monitoring wells are required under Subpart (4)(F)(ii) of this Part, the analytical results from soil samples collected every five feet in the unsaturated zone in the vertical extent borehole; and
- (iv) potentiometric data from all required wells;
- (G) the availability of public water supplies and the identification of properties served by the public water supplies within 1500 feet of the source area of a confirmed discharge or release;
- (H) the land use, including zoning if applicable, within 1500 feet of the source area of a confirmed discharge or release;
- (I) a discussion of site specific conditions or possible actions which could result in lowering the risk classification assigned to the release. Such discussion shall be based on information known or required to be obtained under this Subsection; and
- (J) names and current addresses of all owners and operators of the underground storage tank systems, the owner(s) of the land upon which such systems are located, and all adjacent real property owners.

(d) The Department shall classify the risk of each known discharge or release as high, intermediate or low risk unless the discharge or release has been classified under Subparagraph (c)(3) of this Rule. For purposes of this

Rule:

(1) "High risk" means that:

- (A) a water supply well, including one used for non-drinking purposes, has been contaminated by the release or discharge;
- (B) a water supply well used for drinking water is located within 1500 feet of the source area of a confirmed discharge or release;
- (C) <u>a water supply well not used for drinking</u> water is located within 250 feet of the source area of a confirmed discharge or release;
- (D) the groundwater within 500 feet of the source area of a confirmed discharge or release has the potential for future use in that there is no source of water supply other than the groundwater;
- (E) the vapors from the discharge or release pose a serious threat of explosion due to accumulation of the vapors in a confined space; or
- (F) the discharge or release poses an imminent danger to public health, public safety, or the environment.

(2) "Intermediate risk" means that:

- (A) surface water is located within 500 feet of the source area of a confirmed discharge or release and the maximum groundwater contaminant concentration exceeds the applicable surface water quality standards and criteria found in 15A NCAC 2B .0200;
- (B) in the Coastal Plain physiographic region as designated on a map entitled "Geology of North Carolina" published by the Department in 1985, the source area of a confirmed discharge or release is located in an area in which there is recharge to an unconfined or semi-confined deeper aquifer which the Department determines is being used or may be used as a principal source of drinking water;
- (C) the source area of a confirmed discharge or release is within a designated wellhead protection area, as defined in 42 USC 300h-7(e); or
- (D) the levels of groundwater contamination exceed 50 percent of solubility of the contaminant or 1,000 times the groundwater standard or interim standard established in 15A NCAC 2L .0202, whichever is lower.
- (3) "Low risk" means that:
 - (A) the risk posed does not fall within the high or intermediate risk categories; or
 - (B) based on review of site-specific information, limited assessment or interim corrective actions, the Department

determines that the discharge or release poses no significant risk to human health or the environment.

If the criteria for more than one risk category applies, the discharge or release shall be classified at the highest applicable risk category unless the Department has reclassified the discharge or release pursuant to Paragraph (e) of this Rule.

- (e) The Department may reclassify the risk posed by a release if warranted by further information concerning the potential exposure of receptors to the discharge or release or upon receipt of new information concerning changed conditions at the site. After initial classification of the discharge or release, the Department may require limited assessment or interim corrective action which the Department believes will result in a lower risk classification. It shall be a continuing obligation of each responsible party to notify the Department of any changes that might affect the level of risk assigned to a discharge or release by the Department if the change is known or should be known by the responsible party. Such changes shall include, but shall not be limited to, changes in zoning of real property, use of real property or the use of groundwater that has been contaminated or is expected to be contaminated by the discharge or release, if such change could cause the Department to reclassify the risk.
- (f) If the risk posed by a discharge or release is determined by the Department to be high risk, the responsible party shall comply with the assessment and cleanup requirements of Rule .0106(c), (g) and (h) of this Subchapter and 15A NCAC 2N .0706 and .0707. The goal of any required corrective action for groundwater contamination shall be restoration to the level of the groundwater standards set forth in 15A NCAC 2L .0202, or as closely thereto as is economically and technologically feasible. In any corrective action plan submitted pursuant to this Subsection, natural attenuation shall be used to the maximum extent possible. If the responsible party demonstrates that natural attenuation prevents the further migration of the plume, the Department may approve a groundwater monitoring plan.
- (g) If the risk posed by a discharge or release is determined by the Department to be an intermediate risk, the responsible party shall comply with the assessment requirements of 15A NCAC 2L .0106(c) and (g) and 15A NCAC 2N .0706. As part of the comprehensive site assessment, the responsible party shall evaluate, based on site-specific conditions, whether the release poses a significant risk to human health or the environment. If the Department determines, based on the site specific conditions, that the discharge or release does not pose a significant threat to human health or the environment, the site shall be reclassified as a low risk site. If the site is not reclassified, the responsible party shall, at the direction of the Department, submit a groundwater monitoring plan or a corrective action plan, or a combination thereof, meeting the cleanup standards of this Subsection and containing the

information required in 15A NCAC 2L .0106(h) and 15A NCAC 2N .0707. All discharges or releases which are classified as intermediate risk shall be remediated, at a minimum, to a cleanup level of 50 percent of solubility of the contaminant or 1,000 times the groundwater standard or interim standard established in 15A NCAC 2L .0202, whichever is lower. Additionally, if a corrective action plan or groundwater monitoring plan is required under this Subsection, the responsible party shall demonstrate that the cleanup levels are sufficient to prevent a violation of:

- (1) the Rules contained in 15A NCAC 2B;
- (2) the standards contained in 15A NCAC 2L .0202 in a deep aquifer as described in Part (d)(2)(B) of this Rule; and
- (3) the standards contained in 15A NCAC 2L .0202
 at a location no closer than one year time of
 travel upgradient of a well within a designated
 wellhead protection area, based on travel time and
 the natural attenuation capacity of the subsurface
 materials or on a physical barrier to groundwater
 migration that exists or will be installed by the
 person making the request.

In any corrective action plan submitted pursuant to this Subsection, natural attenuation shall be used to the maximum extent possible.

- (h) If the risk posed by a discharge or release is determined by the Department to be a low risk, the Department shall notify the responsible party that no cleanup, no further cleanup or no further action will be required by the Department unless the Department later determines that the discharge or release poses an unacceptable risk or a potentially unacceptable risk to human health or the environment. No notification will be issued pursuant to this subsection, however, until the responsible party has completed soil remediation pursuant to Paragraph (i) of this Rule. The issuance by the Department of a notification under this Paragraph shall not affect any private right of action by any party which may be affected by the contamination.
- (i) Assessment and remediation of soil contamination shall be addressed as follows:
 - (1) The responsible party shall submit a report to the Department assessing the vertical and horizontal extent of soil contamination.
 - The Department shall determine, based on site-<u>(2)</u> specific information, whether the site is "residential" or "industrial/commercial." purposes of this Rule, a site is presumed classified residential, but may be <u>if</u> industrial/commercial <u>the</u> Department determines based on site-specific information that exposure to the soil contamination is limited in time due to the use of the site and does not involve exposure to children.
 - (3) For a discharge or release classified by the Department as low risk, the responsible party shall submit a report demonstrating that soil

contamination has been remediated to either the residential or industrial/commercial maximum soil contaminant concentration established by the Department pursuant to Paragraph (m), whichever is applicable.

(4) For a discharge or release classified by the Department as high or intermediate risk, the responsible party shall submit a report demonstrating that soil contamination has been remediated to the lowest of:

(A) the residential or industrial/commercial maximum soil contaminant concentration, whichever is applicable, that has been established by the Department pursuant to

Paragraph (m) of this Rule; or

(B) the "soil-to-groundwater" maximum soil contaminant concentration that has been established by the Department pursuant to Paragraph (m) of this Rule.

(i) A responsible party who submits a corrective action plan which proposes natural attenuation or to cleanup groundwater contamination to a standard other than a standard or interim standard established in 15A NCAC 2L .0202, or to cleanup soil other than to the standard for residential use or soil-to-groundwater contaminant concentration established pursuant to this Rule, whichever is lower, shall give notice to: the local Health Director and the chief administrative officer of each political jurisdiction in which the contamination occurs; all property owners and occupants within or contiguous to the area containing the contamination; and all property owners and occupants within or contiguous to the area where the contamination is expected to migrate. Such notice shall describe the nature of the plan and the reasons supporting it. Notification shall be made by certified mail concurrent with the submittal of the corrective action plan. Approval of the corrective action plan by the Department shall be postponed for a period of 30 days following receipt of the request so that the Department may consider comments submitted by interested individuals. The responsible party shall, within a time frame determined by the Department, provide the Department with a copy of the notice and proof of receipt of each required notice, or of refusal by the addressee to accept delivery of a required notice. If notice by certified mail to occupants under this Subsection is impractical, the responsible party may give notice by posting such notice prominently in a manner designed to give actual notice to the occupants. If notice is made to occupants by posting, the responsible party shall provide the Department with a copy of the posted notice and a description of the manner in which such posted notice was given.

(k) A responsible party who receives a notice pursuant to Paragraph (h) of this Rule for a discharge or release which has not been remediated to the groundwater standards or interim standards established in Rule .0202 of this Section or to the lower of the residential or soil-to-groundwater contaminant concentrations established under Paragraph (m)

of this Rule, shall, within 30 days of the receipt of such notice, provide a copy of the notice to: the local Health Director and the chief administrative officer of each political jurisdiction in which the contamination occurs; all property owners and occupants within or contiguous to the area containing contamination; and all property owners and occupants within or contiguous to the area where the contamination is expected to migrate. Notification shall be made by certified mail. The responsible party shall, within a time frame determined by the Department, provide the Department with proof of receipt of the copy of the notice, or of refusal by the addressee to accept delivery of the copy of the notice. If notice by certified mail to occupants under this Paragraph is impractical, the responsible party may give notice by posting a copy of the notice prominently in a manner designed to give actual notice to the occupants. If notice is made to occupants by posting, the responsible party shall provide the Department with a description of the manner in which such posted notice was given.

(1) To the extent feasible, the Department shall maintain in each of the Department's regional offices a list of all petroleum underground storage tank discharges or releases discovered and reported to the Department within the region on or after the effective date of this Rule and all petroleum underground storage tank discharges or releases for which notification was issued under Paragraph (h) by the Department on or after the effective date of this Rule.

(m) The Department shall publish, and annually revise, maximum soil contaminant concentrations to be used as soil cleanup levels for contamination from petroleum underground storage tank systems. Maximum soil contaminant concentrations will be established for residential, industrial/commercial and soil-to-groundwater exposures. The following equations and references shall be used in establishing the residential and industrial/commercial maximum soil contaminant concentrations:

Residential:

Equation 1: Non-cancer Risk-based Residential
Concentration
Soil mg/kg = 15,642.86 x oral chronic reference dose

Equation 2: Cancer Risk-based Residential

Concentration

Soil mg/kg = 0.6387/ oral cancer slope factor

Industrial/Commercial:

Equation 1: Non-cancer Risk-based

Industrial/Commercial Concentration

Soil mg/kg = 408,800 x oral chronic reference dose

Equation 2: Cancer Risk-based Industrial/Commercial
Concentration
Soil mg/kg = 5.7232/ oral cancer slope
factor

Equation 1 shall be used for each contaminant with an EPA carcinogenic classification of A, B1, B2, C, D or E. Equation 2 shall be used for each contaminant with an EPA

carcinogenic classification of A, B1, B2 or C. maximum soil contaminant concentration shall be the lowest of the concentrations derived from Equations 1 and 2. The following references or the most recent version of these references, in order of preference, shall be used to obtain oral chronic reference doses and oral cancer slope factors:

EPA. Integrated Risk Information System (IRIS)

Computer Database;

EPA. Health Effects Assessment Summary Tables (2)(HEAST);

- EPA Region III. Risk-based Concentration Tables (3) (RBC Tables). Office of RCRA, Technical and Program Support Branch. Available http://www.epa.gov/reg3hwmd/riskmenu.htm? =Risk+Guidance;
- EPA, 1995. Supplemental Guidance to RAGS: <u>(4)</u> Region 4 Bulletins Human Health Assessment, including future amendments;
- Other appropriate, published health (5) risk assessment data, and scientifically valid peerreviewed published toxicological data.

The following equations and references shall be used in establishing the soil-to-groundwater maximum contaminant concentrations:

Organic Constituents:

Soil mg/kg = groundwater standard or interim standard x [(.02 x soil organic carbon-water partition coefficient) + 4 + (1.72 x 41 x Henry's Law Constant (atm. $m^3/mol.))]$

Inorganic Constituents:

Soil mg/kg = groundwater standard or interim standard x [(20 x soil-water partition coefficient for pH of 5.5) + $4 + (1.72 \times 41 \times \text{Henry's Law Constant (atm.-m}^3/\text{mol.)})$ If no groundwater standard or interim standard has been established under Rule 2L .0202 of this Section, the practical quantitation limit should be used in lieu of a standard to calculate the soil-to-groundwater maximum contaminant concentrations. The following references or the most recent version of these references, in order of preference, shall be used to obtain soil organic carbon-water partition coefficients for organic constituents, soil-water partition coefficients for inorganic constituents and Henry's Law Constants:

Organic Constituents:

- EPA, 1996. Soil Screening Guidance: Technical Background Document. (EPA/540/R95/128);

- Other appropriate, published, peer-reviewed and <u>(5)</u> scientifically valid data.
- (n) Analytical procedures for soil samples required under this Rule shall be as follows:
 - soil samples collected from a discharge or release (1) of low boiling point fuels, including, but not limited to gasoline, aviation gasoline and gasohol, shall be analyzed for volatile hydrocarbons and additives using EPA Method 8260, including isopropyl ether and methyl tertiary butyl ether;
 - <u>(2)</u> soil samples collected from a discharge or release of high boiling point fuels, including, but not limited to, kerosene, diesel, varsol, mineral spirits, naphtha, jet fuels and fuel oil no. 2, shall be analyzed for volatile hydrocarbons using EPA Method 8260 and semivolatile hydrocarbons using EPA Method 8270;
 - <u>(3)</u> soil samples collected from a discharge or release of heavy fuels shall be analyzed for semivolatile hydrocarbons using EPA Method 8270;
 - (4) soil samples collected from a discharge or release of used and waste oil shall be analyzed for volatile hydrocarbons and chlorinated solvents using **EPA** Method 8260, semivolatile hydrocarbons using EPA Method 8270, polychlorinated biphenyls using EPA Method 8080, and chromium and lead, using procedures specified in Subparagraph (6) of this Paragraph;
 - soil samples collected from any discharge or <u>(5)</u> release subject to this Rule shall be analyzed for alkane and aromatic carbon fraction classes using methods approved by the Director under Rule 2H.0805 (a)(1) of this Chapter; and
 - <u>(6)</u> analytical methods specified in Subparagraphs (1), (2), (3), and (4) of this Paragraph shall be performed as specified in the following references or the most recent version of these references: Test Methods for Evaluating Solid Wastes: Physical/Chemical Methods, November 1990, Agency U.S. <u>Environmental</u> Protection publication number SW-846; or in accordance

with other methods or procedures approved by the Director under 15A NCAC 2H .0805 (a)(1).

- (o) Analytical procedures for groundwater samples required under this Rule shall be as follows:
 - (1) groundwater samples collected from a discharge or release of low boiling point fuels, including, but not limited to, gasoline, aviation gasoline and gasohol, shall be analyzed for volatile hydrocarbons using Standard Method 6210D or EPA Methods 601 and 602, including xylenes, isopropyl ether and methyl tertiary butyl ether. Samples shall also be analyzed for ethylene dibromide using EPA Method 504.1 and lead using Standard Method 3030C preparation.

 3030C metals preparation, using a 0.45 micron filter, must be completed within 72 hours of sample collection;
 - (2) groundwater samples collected from a discharge or release of high boiling point fuels, including, but not limited to, kerosene, diesel, varsol, mineral spirits, naphtha, jet fuels and fuel oil no.

 2, shall be analyzed for volatile hydrocarbons using EPA Method 602 and semivolatile hydrocarbons plus the 10 largest non-target peaks identified using EPA Method 625;
 - (3) groundwater samples collected from a discharge or release of heavy fuels shall be analyzed for semivolatile hydrocarbons plus the 10 largest non-target peaks identified using EPA Method 625;
 - (4) groundwater samples collected from a discharge or release of used or waste oil shall be analyzed for volatile hydrocarbons and chlorinated solvents using Standard Method 6210D, semivolatile hydrocarbons plus the 10 largest non-target peaks identified using EPA Method 625, and chromium and lead using Standard Method 3030C. 3030C metals preparation, using a 0.45 micron filter, must be completed within 72 hours of sample collection; and
 - (5) analytical methods specified in Subparagraphs (1), (2), (3) and (4) of this Paragraph shall be performed as specified in the following references or the most recent version of these references: Test Procedures for the Analysis of Pollutants under the Clean Water Act, Federal Register Vol. 49 No. 209, 40 CFR Part 136, October 26, 1984; Standard Methods for the Examination of Water and Wastewater, published jointly by American Public Health Association, American Water Works Association and Water Pollution Control Federation; Methods for Determination of Organic Compounds <u>in</u> **Drinking** Water, U.S. Environmental Protection Agency publication number EPA-600/4-79-020; or in accordance with other methods or procedures approved by the Director under 15A NCAC 2H .0805 (a)(1).
 - (p) In accordance with 15A NCAC 2H .0804,

- laboratories are required to obtain North Carolina Division of Water Quality laboratory certification for parameters that are required to be reported to the State in compliance with the State's surface water, groundwater and pretreatment rules.
- (q) This Rule shall not relieve any person responsible for assessment or cleanup of contamination from a source other than a commercial or noncommercial underground storage tank from its obligation to assess and clean up contamination resulting from such discharge or releases.
- (r) If the risk posed by the discharge or release has been classified by the Department as Class AB under 1995 (Reg. Sess., 1996) c. 648, s. 1, the discharge or release is classified as high risk under this Rule unless and until the Department reclassifies the risk posed by the discharge or release. If the risk posed by the discharge or release has been classified by the Department as Class CDE under 1995 (Reg. Sess., 1996) c. 648, s. 1, the discharge or release is classified as low risk under this Rule unless and until the Department reclassifies the risk posed by the discharge or release. Responsible parties for Class AB discharges or releases shall continue to comply with notices previously received from the Department unless and until the Department determines under Paragraph (b) that this Rule should apply to the discharge or release. If a site assessment pursuant to Rule .0106 (c) and (g) of this Section has not been submitted to the Department for a Class AB or Class CDE discharge or release before the effective date of this Rule, the responsible party shall comply with Paragraph (c) of this Rule unless the Department has issued a closure notice for the discharge or release. For discharges or releases classified as low risk under this subsection and for which a site assessment pursuant to Rule .0106 (c) and (g) of this Section has been submitted to the Department prior to the effective date of this Rule, the Department may issue a notification under Paragraph (h) of this Rule if the responsible party demonstrates that soil contamination does not exceed contamination cleanup levels established by the Department in the "Groundwater Section Guidelines for the Investigation and Remediation of Soils and Groundwater" (June 1993).

Authority G.S. 143-215.2; 143-215.3(a)(1); 143-215.94A; 143-215.94E; 143-215.94(T); 143-215.94(V); 143B-282; 1995 (Reg. Sess. 1996) c.648, s.1.

SUBCHAPTER 2N - UNDERGROUND STORAGE TANKS

SECTION .0700 - RELEASE RESPONSE AND CORRECTIVE ACTION FOR UST SYSTEMS CONTAINING PETROLEUM OR HAZARDOUS SUBSTANCE

.0701 GENERAL

(a) The "General" provisions contained in 40 CFR 280.60 (Subpart F) have been adopted by reference in

accordance with G.S. 150B-14(e). G.S. 150B-21.6.

(b) Any corrective action undertaken in accordance with this Section must meet the requirements and standards specified in 15A NCAC 2L.0106. 2L.

Authority G.S. 143-215.3(a)(15); 143B-282(2)(h); 150B-21.6.

.0707 CORRECTIVE ACTION PLAN

- (a) The provisions for a "Corrective action plan" contained in 40 CFR 280.66 (Subpart F) have been incorporated by reference including any subsequent amendments and editions with the exception of the following Paragraph. This material is available for inspection at the Department of Environment, Health and Natural Resources, Division of Environmental Management, Water Quality, Groundwater Section, 512 North Salisbury Street, 2728 Capital Boulevard, Raleigh, North Carolina. Copies of 40 CFR Parts 260 to 299 may be obtained from the Superintendent of Documents, Government Printing Office, Washington, D.C., 20402 at a cost of thirty-one dollars (\$31.00).
- (b) 40 CFR 280.66(a) has been rewritten to read: "At any point after reviewing the information submitted in compliance with 40 CFR 280.61 through 40 CFR 280.63, the Division may require owners and operators to submit additional information or to develop and submit a corrective action plan for responding to contaminated soils and groundwater. If a plan is required, owners and operators must prepare a plan in accordance with the requirements specified in 15A NCAC 2L .0106, and submit it according to a schedule and format established by the Division. Owners and operators are responsible for submitting a plan that provides for adequate protection of human health and the environment as determined by the Division, and must modify their plan as necessary to meet this standard."

Authority G.S. 143-215.3(a)(15); 143B-282(2)(h).

SUBCHAPTER 2P - LEAKING PETROLEUM STORAGE TANK CLEANUP FUNDS

SECTION .0400 - REIMBURSEMENT PROCEDURE

.0402 CLEANUP COSTS

- (a) In determining whether costs expended by an owner or operator or landowner are reasonable and necessary, the Division shall consider the following:
 - Adequacy and cost-effectiveness of any work performed and technical activity utilized by the owner or operator or landowner in performing release response, site assessment and corrective action.
 - (2) Typical billing rates of engineering, geological, or other environmental consulting firms providing similar services in the State as determined by the Division.

- (3) Typical rental rates for any necessary equipment as determined by the Division. The amount reimbursed for equipment rental shall not exceed the typical purchase price of such equipment.
- (4) Typical costs or rates of any other necessary service, labor or expense as determined by the Division.
- (5) Whether costs expended for corrective action were required by 15A NCAC 2L.
- (b) Expenditures not eligible for reimbursement shall include the following:
 - (1) Costs of the removal and disposal of noncommercial underground storage tanks and contents removed on or after July 3, 1991, and of commercial underground storage tanks and contents removed on or after January 1, 1992;
 - (2) Costs of the replacement of any underground storage tank, piping, fitting, or ancillary equipment;
 - (3) Costs incurred in preparation of any proposals or bid by a provider of service for the purpose of soliciting or bidding for the opportunity to perform an environmental investigation or cleanup, even if that provider is ultimately selected to provide the service solicited;
 - (4) Interest on any accounts, loans, etc.;
 - (5) Expenses charged by the owner or operator or landowner in the processing and management of a reimbursement application or subsequent claims;
 - (6) Attorney's fees;
 - (7) Penalties, fees, and fines assessed by any court or agency;
 - (8) Loss of profits, fees, and wages incurred by the owner or operator or landowner;
 - (9) Any other expenses not specifically related to environmental cleanup, or implementation of a cost effective environmental cleanup, or third party bodily injury or property damage.

Authority G.S. 143-215.3; 143-215.94B; 143-215.94D; 143-215.94E; 143-215.94L; 143-215.94T; 143-215.94V; 143B-282.

The Codifier of Rules has entered the following temporary rule(s) in the North Carolina Administrative Code. Pursuant to G.S. 150B-21.1(e), publication of a temporary rule in the North Carolina Register serves as a notice of rule-making proceedings unless this notice has been previously published by the agency.

TITLE 2 - DEPARTMENT OF AGRICULTURE

Rule-making Agency: North Carolina Structural Pest Control Committee

Rule Citation: 2 NCAC 34.0503, .0602, .0604 - .0605

Effective Date: January 10, 1997

Findings Reviewed by Beecher Gray: Approved

Authority for the rule-making: G.S. 106-65.29

Reason for Proposed Action: To provide for regulation of termite bait products used by pest control licensees.

Comment Procedures: Written comments may be submitted no later than April 4, 1997, to Carl E. Falco, Secretary, North Carolina Structural Pest Control Committee, P.O. Box 27647, Raleigh, NC 27611.

CHAPTER 34 - STRUCTURAL PEST CONTROL DIVISION

SECTION .0500 - WOOD - DESTROYING INSECTS

.0503 SUBTERRANEAN TERMITE CONTROL: BUILDINGS AFTER CONSTRUCTED

- (a) Basement or Crawl-Space Construction:
- (1) Access openings shall be provided to permit inspection of all basement and crawl-space areas of a building and all open porches.
- (2) Clean up and remove all wood debris and cellulose material, such as wood, paper, cloth, etc., contacting soil in all crawl-space areas. This excludes shavings or other cellulose material too small to be raked with the tines of an ordinary garden rake. Remove all visible stumps from all crawl-space areas. Remove all visible form boards in contact with soil.
- (3) Remove all earth which is within 12 inches of the bottom edges of floor joists or within eight inches of the bottom edges of subsills or supporting girders, but not below footings of foundation walls. If foundation footings are less than 12 inches below the bottom edges of joists or subsills or supporting girders, a bank of soil 12 inches to 18 inches wide shall be left adjacent to footings for the purpose of support. Clearance shall be adequate to provide passage of a man to all crawl-space areas of a building.

- (4) All visible termite tubes or tunnels on pillars, pilasters, foundation walls, chimneys, step buttresses, sills, pipes, and other structures below the sill line shall be removed.
- (5) Eliminate all wooden parts between the building and soil, both outside and inside, except those which appear to be pressure treated:
 - (A) No wood of any access opening shall be in contact with the soil.
 - (B) Where wood parts such as door frames, partition walls, posts, stair carriages or other wood parts can be reasonably ascertained to be making direct soil contact through concrete or where there is evidence of termite activity or damage they shall be cut off above the ground or floor level, and the wood removed from the concrete; and the hole shall be filled with concrete or covered with a metal plate, after the point of contact has been treated with a termiticide.
 - (C) Where wood parts such as vertical wood supports or other wood parts under a building or steps outside a building are not resting on solid masonry or concrete bases extending at least two inches above the soil surface or are in direct soil contact and such supports or steps are not removed, the supports and steps shall be cut off and set on a solid masonry or concrete footing extending at least two inches above the ground after the point of contact has been treated with a termiticide.
 - (D) When wood skirting and lattice work are suspended, there shall be at least a two-inch clearance between the top of the soil and the bottom edges of the wood skirting or lattice work. If the two-inch clearance is not acceptable to the property owner, it may be closed with solid masonry or concrete but a minimum clearance of one-fourth of one inch shall be provided between the masonry and wood.
 - (E) Where wood fence posts are making contact with the soil and any part of a building and such posts are not removed, a minimum clearance of one-fourth of one inch shall be provided between the posts and the building part; a continuous, non-corrosive, sheet metal barrier, extending two inches beyond each side of the post(s), may be substituted for the

- clearance. If the fence has wood railings, alteration(s) of the fence post against the building will not suffice.
- (F) Where houses or decks are built on pressure treated wood pilings, pillars or all-weather wood foundations, such pilings, pillars and wood foundation members, including wood step supports, shall not be subject to Rule .0503(a)(5)(A), (B) or (C).
- (6) Drill and treat all voids in multiple masonry foundation and bearing walls and all voids created by their placement. Porch foundation walls shall be drilled to a distance of three feet from the main foundation wall and the point of contact with any wooden members.
 - (A) The distance between drill holes shall not exceed 16 lineal inches and holes shall be no more than 16 inches above the footing or immediately above the lowest soil level whichever is closest to the footing.
 - (B) The drilling of voids in four inch thick hollow structural block shall not be required under this Rule.
 - (C) Test drill the main foundation wall behind any porch or slab area to determine if the porch or slab is supported by a wall whose placement creates a void between itself and the main foundation wall. If test reveals that a void exist, drill and treat all voids therein as specified in this Rule.
- (7) Drill and treat all voids in all multiple masonry pillars, pilasters, chimneys, and step buttresses, and any void created by their placement:
 - (A) The distance between drill holes shall not exceed 16 lineal inches and shall be no more than 16 inches above the footing or immediately above the lowest soil level, whichever is closest to the footing.
 - (B) Drilling shall not be required if solid concrete masonry footings of pillars, pilasters, chimneys or step buttresses extend eight inches or more above top of soil surface.
 - (C) The drilling of voids in four inch thick hollow structural block shall not be required under this Rule.
- (8) Where concrete slabs over dirt-filled areas are at the level of, above the level of, or in contact with, wood foundation members treat dirt-filled areas as follows:
 - (A) Drill vertically three-eighths of one inch or larger holes in the slab, no more than eight inches from the building foundation, at no more than 16 inch intervals and treat soil below slab; or
 - (B) Drill horizontally three-eighths of one inch or larger holes in the foundation wall of the

- concrete slab, no more than eight inches from the building foundation, every 16 vertical inches starting immediately below the bottom of the slab and rod treat all soil adjacent to building foundation from the bottom of the slab to the lowest outside grade.
- (9)Treat soil adjacent to, but not more than eight inches from, all pillars, pilasters, chimneys, pressure treated wood supports and step buttresses; inside of foundation walls; outside of foundation walls: the outside of foundation walls of concrete slabs over dirt-filled areas and the entire perimeter of a slab foundation wall. Where outside concrete slabs adjacent to the foundation prevent trenching of soil, drill three-eighths of one inch or larger holes, not more than 16 inches apart and within 8 inches of the foundation wall. through slabs or through adjoining foundation wall, and treat soil below slabs. The soil immediately around pipes and other utility conduits making contact with the structure, shall be treated.
- (10) Where stucco on wood or similar type materials extend to or below grade, trench soil to a depth below and under the edge of the stucco or similar type materials and treat soil. After the soil has been treated, a masonry barrier wall may be erected to hold back the soil from making direct contact with the stucco or similar type materials. Where outside slabs on grade adjacent to foundation prevent trenching of soil, drill three-eighths of one inch or larger holes through slabs within eight inches of the foundation wall, or through adjoining foundation wall, not more than 16 inches apart and treat soil below slabs.
- (11) Rule .0503(b) of this Section shall be followed if applicable to basement or crawl-space construction.
- (b) Slab-on-Ground Construction:
 - (1) Treat soil with a termiticide in, under, and around, all traps and openings in the slab.
 - Drill vertically three-eighths inch or larger holes, (2) at all visible or known expansion and construction joints, cracks, and crevices in slab and around all utility conduits in the slab at no more than 16 inch intervals and treat soil below slab. wooden structural members are in contact with concrete or masonry floors which have joints or cracks beneath the wooden structural members, including wall plates in utility or storage rooms adjoining the main building, the concrete or masonry shall be drilled and treated in order to achieve treatment of the soil beneath them. As an exception, expansion and construction joints at the perimeter of the exterior wall may be treated by drilling through the foundation wall at no more

- than 16-inch intervals directly below the bottom of the slab.
- (3) Rule .0503(a) of this Section shall also be followed.
- (c) Reapplication of Pesticide(s) to a Structure Previously Treated for Subterranean Termite Control:
 - (1) A reapplication of termiticide shall be required if soil test by the Division reveals that the soil is deficient in the termiticide which was applied to the soil.
 - (2) Any re-application of pesticides under Rule .0503 shall be in accordance with the label of the pesticide used.
- (d) A licensee may enter into a written agreement for the control or prevention of subterranean termites in a building after it has been constructed without having to abide by Rules .0503(a) and (b) of this Section provided that:
 - (1) The licensee has written proof, satisfactory to the committee, that he or his authorized agent, treated the entire building for subterranean termites at the time of its construction as required in Rule .0505 of this Section (or comparable regulations by the committee at the time of treatment).
 - (2) A written agreement is issued in compliance with Rule .0605 of Section .0600.
- (e) Paragraphs (a) and (b) of this Rule shall not apply to subterranean termite treatment performed using termite bait(s) provided the bait is labeled for protection of the entire structure and the licensee provides a warranty for the control of subterranean termites on the entire structure.

SECTION .0600 - WOOD - DESTROYING ORGANISMS AGREEMENTS

.0602 WOOD-DESTROYING INSECT AND OTHER ORGANISM REPORTS

(a) Any written statement as to the presence or absence of wood-destroying insects or their damage in buildings or structures for sale shall be on the WDIR 100. An incomplete or inaccurate Wood-Destroying Insect Information Report shall not be acceptable and the issuance of such a report is grounds for disciplinary action by the Committee. No Wood-Destroying Insect Information Report or Wood-Destroying Organism Report shall be issued before an inspection of the building or structure is made. Each Wood-Destroying Insect Information Report issued by a

licensee shall be kept in the files of said licensee and made available for inspection upon request of the Division.

- (b) If during the inspection of a structure, a licensee or his authorized agent finds live subterranean termites or visible evidence of past or present infestation of subterranean termites (such as tubes, damage, cast wings, infested wood scraps or other cellulose materials, etc.) in the structure and there is no visible evidence that said structure has been treated for subterranean termites, the licensee shall treat said structure for subterranean termites prior to the issuance of a Wood-Destroying Insect Information Report on the structure which states that the structure is free from subterranean termites.
- (c) If a treatment is performed in conjunction with a WDIR, a copy of the contract and warranty, if any, shall be attached to and become part of the WDIR.
- (e) (d) A licensee, certified applicator or registered technician shall not remove or destroy, or cause the removal or destruction of, any wood-destroying organism evidence discovered in, on, under or in or on debris under a structure inspected pursuant to this Rule except as required by Paragraph (b) of this Rule.

Amended Eff. August 3, 1992; September 1, 1987; August 1, 1980:

Temporary Amendment Eff. January 10, 1997.

.0604 WOOD-DESTROYING ORGANISMS RECORDS

- (a) A duplicate of each written agreement and waiver (if applicable), for the control or prevention of any wood-destroying organism shall be kept by the licensee for a minimum of two years beyond the expiration date of the written agreement. The duplicate of each written agreement shall contain, in addition to the information specified under Rule .0605(a) or Rule .0605(d) of this Section, the following:
 - (1) EPA approved brand name of pesticide used; and
 - (2) Information required by EPA.
- (b) A duplicate of each wood-destroying insect or wood-destroying organism report shall be kept by the licensee for a minimum of two years beyond the date of issuance.
- (c) Non-commercial certified applicators shall maintain the following records for two years beyond the last date of treatment:
 - (1) EPA approved brand name of all pesticides used;
 - (2) Target pest;
 - (3) Site of application;
 - (4) Date of application; and
 - (5) Information required by EPA.
- (d) If the pesticide used to control any wood-destroying organism requires or recommends monitoring or inspecting for the pest to be controlled, the licensee, certified

applicator or their employees shall make and maintain records of all such monitoring or inspection activities. Such records shall be made available for inspection as provided for in 2 NCAC 34 .0328.

Readopted Eff. November 22, 1977;

Amended Eff. August 3, 1992; January 1, 1989; August 1, 1980:

Temporary Amendment Eff. January 10, 1997.

.0605 CONTRACTUAL AGREEMENTS FOR WOOD-DESTROYING ORGANISMS

- (a) All agreements for the control or prevention of wood-destroying organisms in existing structures shall be in writing and shall clearly set forth and include the following:
 - (1) Date property was inspected and full name of the inspector;
 - (2) Exact location of property inspected or treated;
 - (3) Complete name and address of the property owner or his authorized agent;
 - (4) Complete name and address of the licensee;
 - (5) License number and phase(s) of the licensee and full name of company licensee represents;
 - (6) Signature of licensee or his authorized agent;
 - (7) For existing structures, the written agreement shall include a foundation diagram or, if required or recommended by the label of the pesticide used, a site plan of the structure(s) or portions of such structure(s) inspected. The diagram or site plan shall clearly indicate and make full disclosure of the location of individual water sources, any visual evidence of wood-destroying organism infestation, whether it be active or inactive, and visibly damaged timbers; of:
 - (A) The location of individual water sources;
 - (B) Any visible evidence of wood-destroying organism infestation;
 - (C) Whether the infestation is active or inactive;
 - (D) The location of any visibly damaged timbers;
 - (E) Portions of the structure treated or not treated; and,
 - (F) The minimum number and proposed location(s) of bait or monitoring device placements, if applicable;
 - (8) The date upon which the written agreement is entered into and the period of time covered by the written agreement;
 - (9) The written agreement must clearly indicate, by complete not abbreviated common name(s), the wood-destroying organism(s) to be controlled or prevented, and covered under the written agreement;
 - (10) Whether or not reinspections are to be made and,

- if so, approximate time interval between, and renewal fees for same;
- (11) Conditions under which retreatments will be made;
- (12) Total price to be charged for treatment service, and for repairs or excavations, where such are to be performed;
- (13) The written agreement, waiver (if applicable) and Wood-Destroying Insect Report or Wood-Destroying Organism Report, shall not show or include the address and telephone number of any licensee's representative or employee other than the address and telephone number of those specified in Subparagraphs (a)(3), (4), and (5) of this Rule:
- (14) Any licensee or business entity advertising to be bonded shall advise each customer, in writing, in the proposal, whether or not the contract or written agreement will be covered by a bond of any type;
- (15) If the performance of the work is guaranteed by a bond, the agreement shall set forth those performance guarantees in wording identical to that in the bond itself;
- (16) Rule .0501(a) of this Chapter shall also be followed.
- (b) A structure or structures covered by a contract for wood-destroying organism(s) treatment shall not knowingly be placed under an additional contract for the same treatment while the first contract is still in effect.
- (c) When periodic reinspections or retreatments are specified in written agreements for the control or prevention of wood-destroying organisms, the licensee shall issue to the property owner or his authorized agent, after each reinspection or retreatment, a signed report of each reinspection or retreatment showing the condition of the property with respect to the presence or absence of wood-destroying organisms. A record of such reinspections and retreatments shall be kept in the file of the licensee. Such reports shall be subject to inspection by the enforcement agency or committee.
- (d) All agreements for the control or prevention of wood-destroying organisms in buildings under construction shall be in writing and shall clearly set forth and include the following:
 - (1) Date of final treatment and period of time covered by the written agreement;
 - (2) Exact location of the treated property;
 - (3) Complete name and address of the property owner or his authorized agent;
 - (4) Complete name and address of the licensee;
 - (5) License number and phase(s) of the licensee and full name of company licensee represents;
 - (6) Signature of licensee or his authorized agent;
 - (7) The written agreement must clearly indicate, by complete not abbreviated common name(s), the wood-destroying organism(s) to be controlled or

- prevented, and covered under the written agreement;
- (8) Whether or not reinspections are to be made and if so, approximate time interval between, and renewal fees, if any, for same;
- (9) Conditions under which retreatments will be made;
- (10) Total price to be charged for treatment service;
- (11) Any licensee or business entity advertising to be bonded shall advise each customer, in writing, in the proposal, whether or not the contract or written agreement will be covered by a bond of any type;
- (12) If the performance of the work is guaranteed by a bond, the agreement shall set forth those performance guarantees in wording identical to that in the bond itself;
- (13) Rule .0604(a) of this Section shall also be followed.
- (e) If the licensee provides preventive treatment(s) for subterranean termites to a structure(s) for someone such as a builder or construction company who is constructing the building(s) for someone else or with the purpose of offering the building(s) for sale, the licensee may enter into a single master agreement with the builder to provide the preventive treatment(s) for subterranean termites. This single master agreement shall include the following:
 - (1) Complete name and address of the builder, or his authorized agent;
 - (2) That information required in Subparagraphs (d)(4), (5), (6), (7), (8), (9), (10), (11), (12), and (13) of this Rule.
- (f) When a structure is treated under an agreement with a builder, the licensee shall:

- (1) Following completion of the treatment, and upon notification by the builder or buyer, issue a written agreement to the initial buyer. The written agreement issued to the buyer shall include the following:
 - (A) Complete name and address of the builder, or his authorized agent as it appears on the builder's agreement;
 - (B) That information required in Subparagraphs (d)(1), (2), (3), (4), (5), (6), (7), (8), (9), and (11) of this Rule. The builder shall be issued a copy of any written agreement issued the buyer.
- (2) Maintain a record of each treatment performed on each structure to include the following information:
 - (A) Exact location of the structure treated;
 - (B) Date each treatment was performed;
 - (C) The portion(s) of the structure treated.

TITLE 10 - DEPARTMENT OF HUMAN RESOURCES

Rule-making Agency: DHR/Division of Facility Services

Rule Citation: 10 NCAC 3R .3002, .3051 - .3088

Effective Date: January 2, 1997

Findings Reviewed and approved by: Beecher R. Gray

Authority for the rule-making: G.S. 131E-176(25); 131E-177(1); 131E-183(b)

Reason for Proposed Action: To adopt as permanent rules the temporary version of the rules governing policies and need determinations for the 1997 State Medical Facilities Plan (SMFP).

Comment Procedures: Written comments must be submitted to the APA coordinator within 60 days of the publication of the rules in the North Carolina Register. Comments should be sent to Jackie Sheppard at the Division of Facility Services, PO Box 29530, Raleigh, NC 27626-0530. Telephone (919) 733-2342.

CHAPTER 3 - FACILITY SERVICES

SUBCHAPTER 3R - CERTIFICATE OF NEED REGULATIONS

SECTION .3000 - PLANNING POLICIES AND NEED DETERMINATIONS

.3002 APPLICABILITY OF RULES

Rules .3001, .3010, .3020, .3030, .3032, .3040, and .3050 of this Section do not apply to certificate of need applications for which the scheduled review period begins after January 1, 1997.

History Note: Authority G.S. 131E-176(25); 131E-177(1); 131E-183(b);

Temporary Adoption Eff. January 2, 1997.

.3051 APPLICABILITY OF RULES RELATED TO THE 1997 STATE MEDICAL FACILITIES PLAN

Rules .3052 through .3054 and .3056 through .3088 of this Section apply to certificate of need applications for which the scheduled review period begins on or after January 1, 1997. In addition, Rule .3055 of this Section will be used to implement procedures described within it after January 1, 1997.

History Note: Authority G.S. 131E-176(25); 131E-177(1); 131E-183(b);

Temporary Adoption Eff. January 2, 1997.

.3052 CERTIFICATE OF NEED REVIEW CATEGORIES

The agency has established nine categories of facilities and services for certificate of need review and will determine the appropriate review category or categories for all applications submitted pursuant to 10 NCAC 3R .0304. For proposals which include more than one category, the agency may require the applicant to submit separate applications. If it is not practical to submit separate applications, the agency will determine in which category the application will be reviewed. The review of an application for a certificate of need will commence in the next review schedule after the application has been determined to be complete. The nine categories of facilities and services are:

- (1) Category A. Proposals for acute health service facilities, except those proposals included in Categories B through H, including but not limited to the following types of projects: renovation, construction, equipment, and acute care services.
- (2) Category B. Proposals for long-term nursing facility beds; new continuing care facilities applying for exemption under 10 NCAC 3R .3083(b); and relocations of nursing facility beds under 10 NCAC 3R .3083(d).
- (3) Category C. Proposals for new psychiatric facilities; psychiatric beds in existing health care facilities; new intermediate care facilities for the mentally retarded (ICF/MR) and ICF/MR beds in existing health care facilities; new substance abuse and chemical dependency treatment facilities; substance abuse and chemical dependency treatment beds in existing health care facilities.
- (4) Category D. Proposals for new dialysis stations in response to the "county need" or "facility need" methodologies; and relocations of existing dialysis stations to another county.
- (5) Category E. Proposals for new or expanded inpatient rehabilitation facilities and inpatient rehabilitation beds in other health care facilities; and new or expanded ambulatory surgical facilities except those proposals included in Category H.
- (6) Category F. Proposals for new home health agencies or offices, new hospice, new hospice inpatient facility beds, and new hospice residential care facility beds.
- (7) Category G. Proposals for conversion of hospital beds to nursing care under 10 NCAC 3R .3083(a); and demonstration projects.
- (8) Category H. Proposals for bone marrow transplantation services, burn intensive care services, neonatal intensive care services, open heart surgery services, solid organ transplantation services, air ambulance equipment, cardiac angioplasty equipment, cardiac catheterization equipment, heart-lung bypass machines, gamma knives, lithotriptors, magnetic resonance imaging scanners, positron emission tomography scanners, major medical equipment as defined in G.S. 131E-176(14f), diagnostic centers as defined in G.S. 131E-176(18a).
- (9) Category I. Proposals involving cost overruns; expansions of existing continuing care facilities which are licensed by the Department of Insurance at the date the application is filed and are applying under exemptions from need determinations in 10 NCAC 3R .3072; relocations within the same county of existing health service facilities, beds or dialysis stations which do not involve an increase in the number of health service facility beds or stations; reallocation of beds or services; Category A proposals submitted by Academic Medical Center Teaching Hospitals designated prior to January 1, 1990; proposals submitted pursuant to 10 NCAC 3R .3080(c) by Academic Medical Center Teaching Hospitals designated prior to January 1, 1990; and any other proposal not included in Categories

A through H.

History Note: Authority G.S. 131E-176(25); 131E-177(1); 131E-183(b);

Temporary Adoption Eff. January 2, 1997.

.3053 CERTIFICATE OF NEED REVIEW SCHEDULE

The agency has established the following review schedules for certificate of need applications.

(1) Nursing Care Beds (in accordance with need determinations in 10 NCAC 3R .3072)

	CON Beginning
County	Review Date
Alexander	April 1, 1997
Burke	February 1, 1997

(c) Mental Health Planning Regions. The agency has assigned the counties of the state to the following Mental Health

Planning Regions for purposes of the State Medical Facilities Plan:

MENTAL HEALTH PLANNING REGIONS (Area Number and Constituent Counties)

Western (W)

- 1 Cherokee, Clay, Graham, Haywood, Jackson, Macon, Swain
- 2 Buncombe, Madison, Mitchell, Yancey
- 3 Alleghany, Ashe, Avery, Watauga, Wilkes
- 4 Henderson, Transylvania
- 5 Alexander, Burke, Caldwell, McDowell
- 6 Rutherford, Polk
- 7 Cleveland
- 8 Gaston, Lincoln
- 9 Catawba
- 10 Mecklenburg
- 11 Davie, Iredell, Rowan
- 12 Cabarrus, Stanly, Union

North Central (NC)

- 13 Surry, Yadkin
- 14 Forsyth, Stokes
- 15 Rockingham
- 16 Guilford
- 17 Alamance, Caswell
- 18 Orange, Person, Chatham
- 19 Durham
- 20 Vance, Granville, Franklin, Warren

South Central (SC)

- 21 Davidson
- 22 Anson, Hoke, Montgomery, Moore, Richmond
- 23 Bladen, Columbus, Robeson, Scotland
- 24 Cumberland
- 25 Lee, Harnett
- 26 Johnston
- 27 Wake

28 Randolph

Eastern (E)

- 29 Brunswick, New Hanover, Pender
- 30 Onslow
- 31 Wayne
- 32 Wilson, Greene
- 33 Edgecombe, Nash
- 34 Halifax
- 35 Carteret, Craven. Jones, Pamlico
- 36 Lenoir
- 37 Pitt
- 38 Bertie, Gates, Hertford, Northampton
- 39 Beaufort, Hyde, Martin, Tyrrell, Washington
- 40 Camden, Chowan, Currituck, Dare, Pasquotank, Perquimans
- 41 Duplin, Sampson

History Note: Authority G.S. 131E-176(25); 131E-177(1); 131E-183(1);

Temporary Adoption Eff. January 2, 1997.

.3055 REALLOCATIONS AND ADJUSTMENTS

(a) REALLOCATIONS.

- (1) Reallocations shall be made only to the extent that the methodologies used in the State Medical Facilities Plan to make need determinations indicate that need exists after the inventories are revised and the need determinations are recalculated.
- (2) Beds or services which are reallocated once in accordance with this Rule shall not be reallocated again. Rather, the Medical Facilities Planning Section shall make any necessary changes in the next annual State Medical Facilities Plan.
- (3) <u>Dialysis stations that are withdrawn, relinquished, not applied for or decertified shall not be reallocated.</u> <u>Instead, any necessary redetermination of need shall be made in the next scheduled publication of the Semiannual Dialysis Report.</u>
- (4) Appeals of Certificate of Need Decisions on Applications. Need determinations of beds or services for which the CON Section decision has been appealed shall not be reallocated until the appeal is resolved.
 - (A) Appeals Resolved Prior to August 17: If an appeal is resolved in the calendar year prior to August 17, the beds or services shall not be reallocated by the CON Section; rather the Medical Facilities Planning Section shall make the necessary changes in the next annual State Medical Facilities Plan.
 - (B) Appeals Resolved on or After August 17: If the appeal is resolved on or after August 17 in the calendar year, the beds or services, except for dialysis stations, shall be made available for a review period to be determined by the CON Section, but beginning no earlier than 60 days from the date that the appeal is resolved. Notice shall be mailed by the Certificate of Need Section to all persons on the mailing list for the State Medical Facilities Plan, no less than 45 days prior to the due date for receipt of new applications.
- (5) Withdrawals and Relinquishments. Except for dialysis stations, a need determination for which a certificate of need is issued, but is subsequently withdrawn or relinquished, is available for a review period to be determined by the Certificate of Need Section, but beginning no earlier than 60 days from:
 - (A) the last date on which an appeal of the notice of intent to withdraw the certificate could be filed if no appeal is filed,
 - (B) the date on which an appeal of the withdrawal is finally resolved against the holder, or

(C) the date that the Certificate of Need Section receives from the holder of the certificate of need notice that the certificate has been voluntarily relinquished.

Notice of the scheduled review period for the reallocated services or beds shall be mailed by the Certificate of Need Section to all persons on the mailing list for the State Medical Facilities Plan, no less than 45 days prior to the due date for submittal of the new applications.

- (6) Need Determinations for which No Applications are Received:
 - (A) Services or Beds with Scheduled Review in the Calendar Year on or Before September 1: The Certificate of Need Section shall not reallocate the services or beds in this category for which no applications were received, because the Medical Facilities Planning Section will have sufficient time to make any necessary changes in the determinations of need for these services or beds in the next annual State Medical Facilities Plan.
 - (B) Services or Beds with Scheduled Review in the Calendar Year After September 1: A need determination in this category for which no application has been received by the last due date for submittal of applications shall be available to be applied for in the second Category I review period in the next calendar year for the applicable HSA. Notice of the scheduled review period for the reallocated beds or services shall be mailed by the Certificate of Need Section to all persons on the mailing list for the State Medical Facilities Plan, no less than 45 days prior to the due date for submittal of new applications.
- (7) Need Determinations not Awarded because Application Disapproved.
 - (A) Disapproval in the Calendar Year prior to August 17: Need determinations or portions of such need determinations for which applications were submitted but disapproved by the Certificate of Need Section before August 17, shall not be reallocated by the Certificate of Need Section. Instead the Medical Facilities Planning Section shall make the necessary changes in the next annual State Medical Facilities Plan, if no appeal is filed.
 - (B) Disapproval in the Calendar Year on or After August 17: Need determinations or portions of such need determinations for which applications were submitted but disapproved by the Certificate of Need Section on or after August 17, shall be reallocated by the Certificate of Need Section, except for dialysis stations. A need in this category shall be available for a review period to be determined by the Certificate of Need Section but beginning no earlier than 95 days from the date the application was disapproved, if no appeal is filed. Notice of the scheduled review period for the reallocation shall be mailed by the Certificate of Need Section to all persons on the mailing list for the State Medical Facilities Plan, no less than 80 days prior to the due date for submittal of the new applications.
- (8) Reallocation of Decertified ICF/MR Beds. If an ICF/MR facility's Medicaid certification is relinquished or revoked, the ICF/MR beds in the facility shall be reallocated by the Department of Human Resources, Division of Facility Services, Medical Facilities Planning Section pursuant to the provisions of the following Sub-parts.

 The reallocated beds shall only be used to convert five-bed ICF/MR facilities into six-bed facilities.
 - (A) If the number of five-bed ICF/MR facilities in the mental health planning region in which the beds are located equals or exceeds the number of reallocated beds, the beds shall be reallocated solely within the planning region after considering the recommendation of the Regional Team of Developmental Disabilities Services Directors.
 - (B) If the number of five-bed ICF/MR facilities in the mental health planning region in which the beds are located is less than the number of reallocated beds, the Medical Facilities Planning Section shall reallocate the excess beds to other planning regions after considering the recommendation of the Developmental Disabilities Section in the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services. The Medical Facilities Planning Section shall then allocate the beds among the planning areas within those planning regions after considering the recommendation of the appropriate Regional Teams of Developmental Disabilities Services Directors.
 - (C) The Department of Human Resources, Division of Facility Services, Certificate of Need Section shall schedule reviews of applications for these beds pursuant to Subparagraph (a)(5) of this Rule.
- (b) CHANGES IN NEED DETERMINATIONS.
- (1) The need determinations in 10 NCAC 3R .3057 through .3079 shall be revised continuously throughout the calendar year to reflect all changes in the inventories of:
 - (A) the health services listed at G.S. 131E-176(16)f;
 - (B) health service facilities;
 - (C) health service facility beds;
 - (D) <u>dialysis stations</u>;
 - (E) the equipment listed at G.S. 131E-176(16)fl; and
 - (F) mobile medical equipment;

as those changes are reported to the Medical Facilities Planning Section. However, need determinations in 10 NCAC 3R .3057 through .3079 shall not be reduced if the relevant inventory is adjusted upward 30 days or less prior to the first day of the applicable review period.

(2) Inventories shall be updated to reflect:

- (A) <u>decertification of home health agencies or offices, intermediate care facilities for the mentally retarded, and dialysis stations;</u>
- (B) <u>delicensure</u> of <u>health</u> service <u>facilities</u> and <u>health</u> service <u>facility</u> <u>beds</u>;
- (C) demolition, destruction, or decommissioning of equipment as listed at G.S. 131E-176(16)f1 and s:
- (D) elimination or reduction of a health service as listed at G.S. 131E-176(16)f;
- (E) psychiatric beds licensed pursuant to G.S. 131E-184(c);
- (F) certificates of need awarded, relinquished, or withdrawn, subsequent to the preparation of the inventories in the State Medical Facilities Plan; and
- (G) corrections of errors in the inventory as reported to the Medical Facilities Planning Section.
- (3) Any person who is interested in applying for a new institutional health service for which a need determination is made in 10 NCAC 3R .3056 through .3079 may obtain information about updated inventories and need determinations from the Medical Facilities Planning Section.
- Meed determinations resulting from changes in inventory shall be available for a review period to be determined by the Certificate of Need Section, but beginning no earlier than 60 days from the date of the action identified in Paragraph (b) of this Rule. Notice of the scheduled review period for the need determination shall be mailed by the Certificate of Need Section to all persons on the mailing list for the State Medical Facilities Plan, no less than 45 days prior to the due date for submittal of the new applications.

History Note: Authority G.S. 131E-176(25); 131E-177(1); 131E-183(b); <u>Temporary Adoption Eff. January 2, 1997.</u>

.3056 DIALYSIS STATION NEED DETERMINATION

(a) The Medical Facilities Planning Section (MFPS) shall determine need for new dialysis stations two times each calendar year, and shall make a report of such determinations available to all who request it. This report shall be called the North Carolina Semiannual Dialysis Report (SDR). Data to be used for such determinations, and their sources, are as follows:

(1) Numbers of dialysis patients, by type, county and facility, from the Southeastern Kidney Council, Inc. (SEKC) and the Mid-Atlantic Renal Coalition, Inc. as of December 31, 1996 for the March SDR and as of June 30, 1997 for the September SDR.

(2) <u>Certificate of need decisions, decisions appealed, appeals settled, and awards, from the Certificate of Need Section,</u> DFS.

(3) Facilities certified for participation in Medicare, from the Certification Section, DFS.

(4) Need determinations for which certificate of need decisions have not been made, from MFPS records.

Need determinations in this report shall be an integral part of the State Medical Facilities Plan, as provided in G.S. 131E183.

(b) Need for new dialysis stations shall be determined as follows:

(1) County Need

- (A) The average annual rate (%) of change in total number of dialysis patients resident in each county from the end of 1992 to the end of 1996 is multiplied by the county's 1996 year end total number of patients in the SDR, and the product is added to each county's most recent total number of patients reported in the SDR. The sum is the county's projected total 1997 patients.
- (B) The percent of each county's total patients who were home dialysis patients at the end of 1996 is multiplied by the county's projected total 1997 patients, and the product is subtracted from the county's projected total 1997 patients. The remainder is the county's projected 1997 in-center dialysis patients.

(C) The projected number of each county's 1997 in-center patients is divided by 3.2. The quotient is the projection of the county's 1997 in-center dialysis stations.

(D) From each county's projected number of 1997 in-center stations is subtracted the county's number of stations certified for Medicare, CON-approved and awaiting certification, awaiting resolution of CON appeals, and the number represented by need determinations in previous State Medical Facilities Plans or Semiannual Dialysis Reports for which CON decisions have not been made. The remainder is the county's 1997 projected surplus or deficit.

(E) If a county's 1997 projected station deficit is 10 or greater and the SDR shows that utilization of each dialysis facility in the county is 80% or greater, the 1997 county station need determination is the same as the 1997 projected station deficit. If a county's 1997 projected station deficit is less than 10 or if the

utilization of any dialysis facility in the county is less than 80%, the county's 1997 station need determination is zero.

(2) Facility Need

A dialysis facility located in a county for which the result of the County Need methodology is zero in the reference Semiannual Dialysis Report (SDR) is determined to need additional stations to the extent that:

(A) Its utilization, reported in the current SDR, is 3.2 patients per station or greater.

(B) Such need, calculated as follows, is reported in an application for a certificate of need:

(i) The facility's number of in-center dialysis patients reported in the previous SDR (SDR₁) is subtracted from the number of in-center dialysis patients reported in the current SDR (SDR₂). The difference is multiplied by 2 to project the net in-center change for one year. Divide the projected net in-center change for the year by the number of in-center patients from SDR₁ to determine the projected annual growth rate.

(ii) The quotient from Subpart (b)(2)(B)(i) of this Rule is divided by 12.

- (iii) The quotient from Subpart (b)(2)(B)(ii) of this Rule is multiplied by the number of months from the most recent month reported in the current SDR until the end of calendar 1997.
- (iv) The product from Subpart (b)(2)(B)(iii) of this Rule is multiplied by the number of the facility's incenter patients reported in the current SDR and that product is added to such reported number of incenter patients.
- (v) The sum from Subpart (b)(2)(B)(iv) of this Rule is divided by 3.2, and from the quotient is subtracted the facility's current number of certified and pending stations as recorded in the current SDR. The remainder is the number of stations needed.
- (C) The facility may apply to expand to meet the need established in Subpart (b)(2)(B)(v) of this Rule, up to a maximum of 10 stations.
- (c) The schedule for publication of the North Carolina Semiannual Dialysis Report (SDR) and for receipt of certificate of need applications based on each issue of this report in 1997 shall be as follows:

Data for	Receipt of	<u>Publication</u>	Receipt of	Beginning
Period Ending	SEKC Report	of SDR	CON Applications	Review Dates
Dec. 31, 1996	Feb. 28, 1997	March 20, 1997	May 16, 1997	June 1, 1997
June 30, 1997	Aug. 29, 1997	Sept. 19, 1997	Nov. 14, 1997	Dec. 1, 1997

- (d) An application for a certificate of need pursuant to this Rule shall be accepted only if it demonstrates a need by utilizing one of the methods of determining need outlined in this Rule.
- (e) An application for a new End Stage Renal Disease facility shall not be approved unless it documents the need for at least 10 stations based on utilization of 3.2 patients per station per week.
 - (f) Home patients will not be included in determination of need for new stations.

History Note: Authority G.S. 131E-176(25); 131E-177(1); 131E-183(b);

Temporary Adoption Eff. January 2, 1997.

.3057 ACUTE CARE BED NEED DETERMINATION (REVIEW CATEGORY A)

It is determined that there is no need for additional acute care beds.

History Note: Authority G.S. 131E-176(25); 131E-177(1); 131E-183(b);

Temporary Adoption Eff. January 2, 1997.

.3058 REHABILITATION BED NEED DETERMINATION (REVIEW CATEGORY E)

It is determined that there is no need for additional rehabilitation beds.

History Note: Authority G.S. 131E-176(25); 131E-177(1); 131E-183(b);

Temporary Adoption Eff. January 2, 1997.

.3059 AMBULATORY SURGICAL FACILITIES NEED DETERMINATION (REVIEW CATEGORY E)

It is determined that there is no need for additional ambulatory surgical facilities, except that a Rural Primary Care

Hospital designated by the N.C. Office of Rural Health Services pursuant to Section 1820(f) of the Social Security Act may apply for a certificate of need to convert existing operating rooms for use as a freestanding ambulatory surgical facility.

History Note: Authority G.S. 131E-176(25); 131E-177(1); 131E-183(b);

Temporary Adoption Eff. January 2, 1997.

.3060 OPEN HEART SURGERY SERVICES NEED DETERMINATIONS (REVIEW CATEGORY H)

Because over 95% of all of the citizens of North Carolina live within 45 miles of one or more open heart surgery services; because the preponderance of clinical research on open heart surgery services indicates that there is a positive relationship between the number of procedures performed by a surgical operating team and the percent of good patient outcomes resulting from the surgery; and because the benefits of greater geographic access do not outweigh the adverse affects caused by the duplication of existing open heart surgery services and the resulting decrease in the number of procedures the surgical operating team of this service would perform, it is therefore determined that there is no need for additional open heart surgery services.

History Note: Authority G.S. 131E-176(25); 131E-177(1); 131E-183(b);

Temporary Adoption Eff. January 2, 1997.

.3061 HEART-LUNG BYPASS MACHINES NEED DETERMINATION FOR NEW OPEN HEART SURGERY SERVICES (REVIEW CATEGORY H)

It is determined that there is no need for the acquisition of heart-lung bypass machines by anyone who does not currently offer open heart surgery services.

History Note: Authority G.S. 131E-176(25); 131E-177(1); 131E-183(b);

Temporary Adoption Eff. January 2, 1997.

.3062 HEART-LUNG BYPASS MACHINES NEED DETERMINATION FOR EXISTING OPEN HEART SURGERY SERVICES (REVIEW CATEGORY H)

A health service facility that currently offers open heart surgery services may apply for a certificate of need to acquire an additional heart-lung bypass machine at its existing site or location if the existing heart-lung machines used by the health service facility were utilized at or above 80% of capacity during the 12-month period reflected in the most recent licensure application on file with the Division of Facility Services. The capacity of heart-lung bypass machines that were acquired pursuant to 1995 N.C. Session Laws, c. 507, s. 23.22, and of heart-lung bypass machines that were conditionally approved for use exclusively as back-up machines shall not be included in the calculation of the facility's utilization of its existing heart-lung machines.

History Note: Authority G.S. 131E-176(25); 131E-177(1); 131E-183(b);

Temporary Adoption Eff. January 2, 1997.

.3063 CARDIAC CATHETERIZATION EQUIPMENT NEED DETERMINATION FOR NEW PROVIDERS (REVIEW CATEGORY H)

It is determined that there is no need for the acquisition of cardiac catheterization equipment by anyone who does not currently offer cardiac catheterization services.

History Note: Authority G.S. 131E-176(25); 131E-177(1); 131E-183(b);

Temporary Adoption Eff. January 2, 1997.

.3064 CARDIAC CATHETERIZATION EQUIPMENT NEED DETERMINATION FOR EXISTING PROVIDERS (REVIEW CATEGORY H)

A health service facility that currently offers cardiac catheterization services may apply for a certificate of need to acquire additional cardiac catheterization equipment at its existing site or location if the existing cardiac catheterization equipment used by the health service facility was utilized at or above 80% of capacity during the 12-month period reflected in the most recent licensure application on file with the Division of Facility Services.

History Note: Authority G.S. 131E-176(25); 131E-177(1); 131E-183(b);

Temporary Adoption Eff. January 2, 1997.

CARDIAC ANGIOPLASTY EQUIPMENT NEED DETERMINATION FOR NEW PROVIDERS (REVIEW .3065 CATEGORY H)

It is determined that there is no need for the acquisition of cardiac angioplasty equipment by anyone who does not currently offer cardiac angioplasty services.

History Note: Authority G.S. 131E-176(25); 131E-177(1); 131E-183(b);

Temporary Adoption Eff. January 2, 1997.

CARDIAC ANGIOPLASTY EQUIPMENT NEED DETERMINATION FOR EXISTING PROVIDERS .3066 (REVIEW CATEGORY H)

A health service facility that currently offers cardiac angioplasty services may apply for a certificate of need to acquire additional cardiac angioplasty equipment at its existing site or location if the existing cardiac angioplasty equipment used by the health service facility was utilized at or above 80% of capacity during the 12-month period reflected in the most recent licensure application on file with the Division of Facility Services.

History Note: Authority G.S. 131E-176(25); 131E-177(1); 131E-183(b);

Temporary Adoption Eff. January 2, 1997.

BURN INTENSIVE CARE SERVICES NEED DETERMINATION (REVIEW CATEGORY H) .3067

It is determined that there is no need for additional burn intensive care services.

History Note: Authority G.S. 131E-176(25); 131E-177(1); 131E-183(b);

Temporary Adoption Eff. January 2, 1997.

.3068 POSITRON EMISSION TOMOGRAPHY SCANNERS NEED DETERMINATION (REVIEW CATEGORY

It is determined that there is no need for additional positron emission tomography scanners for purposes other than research.

History Note:

Authority G.S. 131E-176(25); 131E-177(1); 131E-183(b);

Temporary Adoption Eff. January 2, 1997.

.3069 BONE MARROW TRANSPLANTATION SERVICES NEED DETERMINATION (REVIEW CATEGORY

It is determined that allogeneic bone marrow transplantation services shall be developed and offered only by academic medical center teaching hospitals as designated in 10 NCAC 3R .3080(c). It is also determined that there is no need for additional allogeneic or autologous bone marrow transplantation services.

History Note:

Authority G.S. 131E-176(25); 131E-177(1); 131E-183(b);

Temporary Adoption Eff. January 2, 1997.

.3070 SOLID ORGAN TRANSPLANTATION SERVICES NEED DETERMINATION (REVIEW CATEGORY H

Solid Organ Transplantation Services shall be developed and offered only by academic medical center teaching hospitals as designated in 10 NCAC 3R .3080(c). It is determined that there is no need for new solid organ transplant services.

History Note: Authority G.S. 131E-176(25); 131E-177(1); 131E-183(b);

Temporary Adoption Eff. January 2, 1997.

.3071 GAMMA KNIFE NEED DETERMINATION (REVIEW CATEGORY H)

It is determined that there is no need for a gamma knife.

History Note:

Authority G.S. 131E-176(25); 131E-177(1); 131E-183(b);

Temporary Adoption Eff. January 2, 1997.

.3072 NURSING CARE BED NEED DETERMINATION (REVIEW CATEGORY B)

It is determined that the counties listed in this Rule need additional Long-Term Nursing Facility Beds as specified. There

is no need for additional Long-Term Nursing Facility Beds in other counties, except as otherwise provided in 10 NCAC 3R .3073.

.3073 DEMONSTRATION PROJECT ON PEDIATRIC NURSING CARE NEED DETERMINATION (REVIEW CATEGORY G)

(a) It is determined that nine nursing facility beds are needed to demonstrate the efficacy of short-term (less than 30 days) care of medically fragile infants and children. This demonstration project shall provide services to support medically fragile children who are primarily cared for at home and shall provide data to assist in determining if these children can be successfully cared for at home over the long-term with intermittent inpatient nursing facility admission. Because of improved medical procedures and care, more infants with complex medical needs are surviving and are being discharged from hospitals. The medical equipment and care needed by these children in the home is quite sophisticated. Pediatric patients suffering from acquired brain injury or from major trauma with significant orthopaedic problems may also require continued services, which include intermittent inpatient nursing care services, after discharge from rehabilitation hospitals. The proposed project shall be designed to ease the transition from the hospital environment to care at home for these patient groups. It shall also offer respite care and other services to low birth-weight children, to children with serious chronic conditions, and to children with rehabilitation needs.

(b) An applicant for the project shall demonstrate that home health services shall be provided through a home health agency. Furthermore, an applicant shall demonstrate coordination with other health services, including a hospice provider, an acute care provider, and an inpatient rehabilitation provider. Project oversight shall include at least one Pediatrician who is willing to serve as medical advisor and willing to assist in evaluation of the demonstration project's effectiveness. The goal of the services provided shall be for long-term maintenance of the pediatric patient at home.

- (c) The demonstration project shall provide data to evaluate the effectiveness of this type of program in at least these ways:
 - (1) Enhanced parent confidence/willingness to care for the child at home;
 - (2) Reduced length of stay for hospitalization episodes;
 - (3) Reduced hospitalizations/rehospitalizations;
 - (4) Reduced incidence of institutionalization of children to long-term care facilities;
 - (5) Outcomes of care -- especially relative to rehabilitation, chronic disease care;
 - (6) Cost data -- cost efficiencies, expense, reimbursement issues.

(d) The demonstration project shall provide data to evaluate if additional programs in North Carolina would benefit the medically fragile pediatric population. Data shall be provided to the NC State Health Coordinating Council at least annually, beginning in the second year of the project's operation. Annual data reporting is to continue, until directed otherwise by the State Health Coordinating Council, or until the demonstrated activity becomes incorporated as a regular part of the State Medical Facilities Plan.

.3074 HOME HEALTH AGENCY OFFICE NEED DETERMINATION (REVIEW CATEGORY F)

- (a) It is determined that the Health Service Areas identified in 10 NCAC 3R .3054(a) and listed in this Rule may have a need for additional home health agency offices that is not revealed by the standard methodology as specified.
- (b) Applications for certificates of need for home health agency offices filed pursuant to these adjusted need determinations shall demonstrate:
 - (1) that the applicant proposes to address the needs of at least one of the following special needs groups:
 - (A) racial minorities,
 - (B) nursing home patients in transition to the community,
 - (C) HIV/AIDS patients,
 - (D) Alzheimer's Disease/senile dementia patients, or

- (E) underserved patients in rural counties; and
- (2) that the applicant proposes to serve, during its first operating year, at least 50 patients who are members of the special groups identified in Subparagraph (1), of this Rule; and
- (3) that either:
 - (A) home health agencies currently serving the geographic area are not meeting the needs of the groups the applicant proposes to serve; or
 - (B) the proposed home health agency office will offer new or innovative services not currently being offered by home health agencies that serve the geographic area the applicant proposes to serve.

.3075 HOSPICE NEED DETERMINATION (REVIEW CATEGORY F)

It is determined that there is no need for additional Hospices.

History Note: Authority G.S. 131E-176(25); 131E-177(1); 131E-183(b);

Temporary Adoption Eff. January 2, 1997.

.3076 HOSPICE INPATIENT FACILITY BED NEED DETERMINATION (REVIEW CATEGORY F)

(a) Single Counties. Single counties with a projected deficit of six or more beds are allocated beds based on the projected deficit. It is determined that there is no need for additional single county hospice inpatient facility beds.

(b) Contiguous Counties. It is determined that any combination of two or more contiguous counties taken from the following list shall have a need for new hospice inpatient facility beds if the combined bed deficit for the grouping of contiguous counties totals six or more beds. Each county in a grouping of contiguous counties must have a deficit of at least one and no more than five beds. The need for the grouping of contiguous counties shall be the sum of the deficits in the individual counties. For purposes of this Rule, "contiguous counties" shall mean a grouping of North Carolina counties which includes the county in which the new hospice inpatient facility is proposed to be located and any one or more of the North Carolina counties which have a common border with that county, even if the borders only touch at one point. No county may be included in a grouping of contiguous counties unless it is listed in the following table:

County	Hospice Inpatient

.3078 CHEMICAL DEPENDENCY TREATMENT BED (REVIEW CATEGORY C)

(a) It is determined that there is no need for any additional chemical dependency treatment beds other than detox-only beds for adults. The following table lists the mental health planning areas that need detox-only beds for adults and identifies the number of such beds needed in each planning area. There is no need for additional detox-only beds for adults in any other mental health planning areas. No other reviews for chemical dependency treatment beds are scheduled.

Mental Health Planning Areas (Constituent Counties)	Mental Health Planning Regions	Number of Detox-Only Beds Needed

41 (Duplin, Sampson)	<u>E</u>	10

(b) "Detox-only beds for adults" are chemical dependency treatment beds that are occupied exclusively by persons who are 18 years of age or older who are experiencing physiological withdrawal from the effects of alcohol or other drugs.

(c) The county or counties which comprise each mental health planning area are listed in 10 NCAC 3R .3054(b).

(d) Detox-only beds for adults may be developed outside of the mental health planning area in which they are needed if:

(1) The beds are developed in a contiguous mental health planning area that is within the same mental health planning

region, as defined by 10 NCAC 3R .3054(c); and

(2) The program board in the planning area in which the beds are needed and the program board in the planning area in which the beds are to be developed each adopt a resolution supporting the development of the beds in the contiguous planning area.

History Note: Authority G.S. 131E-176(25); 131E-177(1); 131E-183(b); <u>Temporary Adoption Eff. January 2, 1997.</u>

3079 INTERMEDIATE CARE BEDS FOR THE MENTALLY RETARDED (REVIEW CATEGORY C)

Intermediate Care Beds for the Mentally Retarded. It is determined that the mental health planning areas listed in the following table need additional Intermediate Care Beds for the Mentally Retarded ("ICF/MR beds"). The table identifies the number of new child and adult ICF/MR beds needed by each of the listed planning areas. These new ICF/MR beds shall only be used to convert existing five-bed ICF/MR beds into six-bed facilities. There is no need for new ICF/MR facilities or for any additional ICF/MR beds in any other mental health planning areas, except as provided in Rule 10 NCAC 3R 3055(a)(8).

.3080 POLICIES FOR GENERAL ACUTE CARE HOSPITALS

(a) Use of Licensed Bed Capacity Data for Planning Purposes. For planning purposes the number of licensed beds shall be determined by the Division of Facility Services in accordance with standards found in 10 NCAC 3C .6200 and .3102(d).

(b) <u>Utilization of Acute Care Hospital Bed Capacity. Conversion of underutilized hospital space to other needed purposes shall be considered an alternative to new construction. Hospitals falling below utilization targets in Paragraph (e) of this Rule are assumed to have underutilized space. Any such hospital proposing new construction must clearly demonstrate that it is more cost-effective than conversion of existing space.</u>

(c) Exemption from Plan Provisions for Certain Academic Medical Center Teaching Hospital Projects. Projects for which certificates of need are sought by academic medical center teaching hospitals may qualify for exemption from provisions of 10 NCAC 3R .3056 through .3079.

- (1) The State Medical Facilities Planning Section shall designate as an Academic Medical Center Teaching Hospital any facility whose application for such designation demonstrates the following characteristics of the hospital:
 - (A) Serves as a primary teaching site for a school of medicine and at least one other health professional school, providing undergraduate, graduate and postgraduate education.
 - (B) Houses extensive basic medical science and clinical research programs, patients and equipment.
 - (C) Serves the treatment needs of patients from a broad geographic area through multiple medical specialties.
- (2) Exemption from the provisions of 10 NCAC 3R .3056 through .3079 shall be granted to projects submitted by Academic Medical Center Teaching Hospitals designated prior to January 1, 1990 which projects comply with one of the following conditions:
 - (A) Necessary to complement a specified and approved expansion of the number or types of students, residents or faculty, as certified by the head of the relevant associated professional school; or
 - (B) Necessary to accommodate patients, staff or equipment for a specified and approved expansion of research activities, as certified by the head of the entity sponsoring the research; or
 - (C) Necessary to accommodate changes in requirements of specialty education accrediting bodies, as evidenced by copies of documents issued by such bodies.
- (d) Reconversion to Acute Care. Facilities redistributing beds from acute care bed capacity to rehabilitation or psychiatric use shall obtain a certificate of need to convert this capacity back to acute care. Application for reconversion of acute care beds converted to psychiatry or rehabilitation back to acute care beds shall be evaluated against the hospital's utilization in relation to the target occupancies for acute care beds shown in this Paragraph, without regard to the acute care bed need determinations shown in 10 NCAC 3R .3057.

Licensed Bed Capacity	Percent Occupancy
<u>1 - 49</u>	<u>65 %</u>
<u>50 - 99</u>	<u>70 %</u>

 100 - 199
 75%

 200 - 699
 80%

 700 +
 81.5%

(e) Replacement of Acute Care Bed Capacity. The evaluation of proposals for either partial or total replacement of acute care beds (i.e., construction of new space for existing acute care beds) shall be evaluated against the utilization of the total number of acute care beds in the applicant's hospital in relation to the target occupancy of the total number of beds in that hospital which is determined as follows:

Total Licensed Acute Care Beds	Target Occupancy (Percent)
<u>1 - 49</u>	<u>65%</u>
<u>50 - 99</u>	<u>70 %</u>
<u> 100 - 199</u>	<u>75%</u>
<u> 200 - 699</u>	<u>80%</u>
<u>700 +</u>	<u>81.5%</u>

History Note: Authority G.S. 131E-176(25); 131E-177(1); 131E-183(b);

Temporary Adoption Eff. January 2, 1997.

.3081 POLICIES FOR INPATIENT REHABILITATION SERVICES

- (a) <u>Distribution of Inpatient Rehabilitation Beds.</u> After applying other required criteria, when superiority among two or more competing rehabilitation facility certificate of need applications is uncertain, favorable consideration shall be given to proposals that make rehabilitation services more accessible to patients and their families or are part of a comprehensive regional rehabilitation network.
- (b) Outpatient and Home Care. Rehabilitation care which can be provided in an outpatient or home setting shall be provided in these settings unless it has been determined by an appropriate utilization program that inpatient care is necessary.

 All new inpatient rehabilitation programs are required to provide comprehensive outpatient rehabilitation services as part of their service delivery programs.

History Note: Authority G.S. 131E-176(25); 131E-177(1); 131E-183(b);

Temporary Adoption Eff. January 2, 1997.

.3082 POLICIES FOR AMBULATORY SURGICAL FACILITIES

Multi-Specialty Ambulatory Surgery. After applying other required criteria, when superiority among two or more competing ambulatory surgical facility certificate of need applications is uncertain, favorable consideration shall be given to "multi-specialty programs" over "specialty programs" in areas where need is demonstrated in 10 NCAC 3R .3059. A multi-specialty ambulatory surgical program means a program providing services in at least three of the following areas: gynecology, otolaryngology, plastic surgery, general surgery, ophthalmology, orthopedics, urology, and oral surgery. An ambulatory surgical facility shall provide at least two designated operating rooms with general anesthesia capabilities, and at least one designated recovery room.

History Note: Authority G.S. 131E-176(25); 131E-177(1); 131E-183(b);

Temporary Adoption Eff. January 2, 1997.

.3083 POLICIES FOR NURSING CARE FACILITIES

- (a) Provision of Hospital-Based Long-Term Nursing Care.
- (1) A certificate of need may be issued to a hospital which is licensed under G.S. 131E, Article 5, and which meets the conditions set forth in this Paragraph and in 10 NCAC 3R .1100, to convert up to 10 beds from its licensed acute care bed capacity for use as hospital-based long-term nursing care beds without regard to determinations of need in 10 NCAC 3R .3072 if the hospital:
 - (A) is located in a county which was designated as non-metropolitan by the U.S. Office of Management and Budget on January 1, 1997; and
 - (B) on January 1, 1997, had a licensed acute care bed capacity of 150 beds or less.

The certificate of need shall remain in force as long as the Department of Human Resources determines that the hospital is meeting the conditions outlined in this Paragraph.

(2) "Hospital-based long-term nursing care" is defined as long-term nursing care provided to a patient who has been directly discharged from an acute care bed and cannot be immediately placed in a licensed nursing facility because of the unavailability of a bed appropriate for the individual's needs. Determination of the patient's need for hospital-based long-term nursing care shall be made in accordance with criteria and procedures for determining

need for long-term nursing care administered by the Division of Medical Assistance and the Medicare program. Beds developed under this Paragraph are intended to provide placement for residents only when placement in other long-term care beds is unavailable in the geographic area. Hospitals which develop beds under this Paragraph shall discharge patients to other nursing facilities with available beds in the geographic area as soon as possible where appropriate and permissible under applicable law. Necessary documentation including copies of physician referral forms (FL 2) on all patients in hospital-based nursing units shall be made available for review upon request by duly authorized representatives of licensed nursing facilities.

For purposes of this Paragraph, beds in hospital-based long-term nursing care shall be certified as a "distinct part" (3) as defined by the Health Care Financing Administration. Beds in a "distinct part" shall be converted from the existing licensed bed capacity of the hospital and shall not be reconverted to any other category or type of bed without a certificate of need. An application for a certificate of need for reconverting beds to acute care shall be evaluated against the hospital's service needs utilizing target occupancies shown in 10 NCAC 3R .3080(d), without regard to the acute care bed need shown in 10 NCAC 3R .3057.

A certificate of need issued for a hospital-based long-term nursing care unit shall remain in force as long as the (4)

following conditions are met:

the beds shall be certified for participation in the Title XVIII (Medicare) and Title XIX (Medicaid) (A)

the hospital discharges residents to other nursing facilities in the geographic area with available beds when (B)

such discharge is appropriate and permissible under applicable law;

- patients admitted shall have been acutely ill inpatients of an acute hospital or its satellites immediately (C) preceding placement in the unit. The granting of beds for hospital-based long-term nursing care shall not allow a hospital to convert additional beds without first obtaining a certificate of need. Where any hospital, or the parent corporation or entity of such hospital, any subsidiary corporation or entity of such hospital, or any corporation or entity related to or affiliated with such hospital by common ownership, control or management:
 - applies for and receives a certificate of need for long-term care bed need determinations in 10 NCAC (i) 3R .3072; or

currently has nursing home beds licensed as a part of the hospital under G.S. 131E, Article 5; or (ii)

- currently operates long-term care beds under the Federal Swing Bed Program (P.L. 96-499), such (iii) hospital shall not be eligible to apply for a certificate of need for hospital-based long-term care nursing beds under this Rule. Hospitals designated by the State of North Carolina as Rural Primary Care Hospitals pursuant to Section 1820(f) of the Social Security Act, as amended, which have not been allocated long-term care beds under provisions of G.S. 131E-175 through 131E-190, may apply to develop beds under this Paragraph. However, such hospitals shall not develop long-term care beds both to meet needs determined in 10 NCAC 3R .3072 and this Paragraph.
- (5) Beds certified as a "distinct part" under this Paragraph shall be counted in the inventory of existing long-term care beds and used in the calculation of unmet long-term care bed need for the general population of a planning area. Applications for certificates of need pursuant to this Paragraph shall be accepted only for the February 1 review cycle. Beds awarded under this Paragraph shall be deducted from need determinations for the county as shown in 10 NCAC 3R .3072. Continuation of this policy shall be reviewed and approved by the Department of Human Resources annually. Certificates of need issued under policies analogous to this policy in State Medical Facilities Plans subsequent to the 1986 State Medical Facilities Plan are automatically amended to conform with the provisions of this Paragraph. The Department of Human Resources shall monitor this program and ensure that patients affected by this Paragraph are receiving appropriate services, and that conditions under which the certificate of need was granted are being met.

(b) Plan Exemption for Continuing Care Facilities.

(1)Qualified continuing care facilities may include from the outset, or add or convert bed capacity for long-term nursing care without regard to the bed need shown in 10 NCAC 3R .3072. To qualify for such exemption, applications for certificates of need shall show that the proposed long-term nursing bed capacity:

Will only be developed concurrently with, or subsequent to construction on the same site, of facilities for

both of the following levels of care:

independent living accommodations (apartments and homes) for persons who are able to carry out normal activities of daily living without assistance; such accommodations may be in the form of apartments, flats, houses, cottages, and rooms within a suitable structure;

domiciliary care (adult care) beds for use by persons who, because of age or disability require some personal services, incidental medical services, and room and board to assure their safety and comfort.

(B) Will be used exclusively to meet the needs of persons with whom the facility has continuing care contracts

(in compliance with the Department of Insurance statutes and rules) who have lived in a non-nursing unit of the continuing care facility for a period of at least 30 days. Exceptions shall be allowed when one spouse or sibling is admitted to the nursing unit at the time the other spouse or sibling moves into a non-nursing unit, or when the medical condition requiring nursing care was not known to exist or be imminent when the individual became a party to the continuing care contract. Financial consideration paid by persons purchasing a continuing care contract shall be equitable between persons entering at the "independent living" and "domiciliary" levels of care.

- (C) Reflects the number of beds required to meet the current or projected needs of residents with whom the facility has an agreement to provide continuing care, after making use of all feasible alternatives to institutional nursing care.
- (D) Will not be certified for participation in the Medicaid program.
- (2) One half of the long-term nursing beds developed under this exemption shall be excluded from the inventory used to project bed need for the general population. Certificates of need issued under policies analogous to this policy in State Medical Facilities Plans subsequent to the 1985 SMFP are automatically amended to conform with the provisions of this Paragraph. Certificates of need awarded pursuant to the provisions of Chapter 920, Session Laws 1983, or Chapter 445, Session Laws 1985 shall not be amended.
- (c) <u>Determination of Need for Additional Nursing Beds in Single Provider Counties.</u> When a long-term care facility with fewer than 80 nursing care beds is the only nursing care facility within a county, it may apply for a certificate of need for additional nursing beds in order to bring the minimum number of beds available within the county to no more than 80 nursing beds without regard to the nursing bed need determination for that county as listed in 10 NCAC 3R .3072.
 - (d) Relocation of Certain Nursing Facility Beds.
 - (1) A certificate of need to relocate existing licensed nursing facility beds to another county(ies) may be issued to a facility licensed as a nursing facility under G.S. 131E, Article 6, Part A, provided that the conditions set forth in this Paragraph and in 10 NCAC 3R .1100 and the review criteria in G.S. 131E-183(a) are met. A facility applying for a certificate of need to relocate nursing facility beds shall demonstrate that:
 - (A) it is a non-profit nursing facility supported by and directly affiliated with a particular religion and that it is the only nursing facility in North Carolina supported by and affiliated with that religion;
 - (B) the primary purpose for the nursing facility's existence is to provide long-term care to followers of the specified religion in an environment which emphasizes religious customs, ceremonies, and practices;
 - (C) relocation of the nursing facility beds to one or more sites is necessary to more effectively provide long-term nursing care to followers of the specified religion in an environment which emphasizes religious customs, ceremonies, and practices;
 - (D) the nursing facility is expected to serve followers of the specified religion from a multi-county area; and (E) the needs of the population presently served shall be met adequately pursuant to G.S. 131E-183.
 - (2) Exemption from the provisions of 10 NCAC 3R .3072 shall be granted to a nursing facility for purposes of relocating existing licensed nursing beds to another county provided that it complies with all of the criteria listed in Subparagraph (d)(1) of this Rule.
 - (3) Any certificate of need issued under this Rule shall be subject to the following conditions:
 - (A) the nursing facility shall relocate beds in at least two stages over a period of at least six months; and
 - (B) the nursing facility shall provide a letter to the Medical Facilities Licensure Section, on or before the date that the first group of beds are relocated, irrevocably committing the facility to relocate all of the nursing facility beds for which it has a certificate of need to relocate; and
 - (C) subsequent to providing the letter to the Medical Facilities Licensure Section described in Subpart (d)(3)(B) of this Rule, the nursing facility shall accept no new patients in the beds which are being relocated, except new patients who, prior to admission, indicate their desire to transfer to the facility's new location(s).

History Note: Authority G.S. 131E-176(25); 131E-177(1); 131E-183(b); <u>Temporary Adoption Eff. January 2, 1997.</u>

.3084 POLICIES FOR HOME HEALTH SERVICES

- (a) Development of Home Health Services. After applying other required criteria, when superiority among two or more competing home health agency or office certificate of need applications is uncertain, favorable consideration shall be given to proposals which:
 - (1) provide an expanded scope of services (including nursing, physical therapy, speech therapy, and home health aide service);
 - (2) provide the widest range of treatments within a given service; and
 - (3) have the ability to offer services on a seven days per week basis as required to meet patient needs.

- (b) Need Determination Upon Termination of County's Sole Home Health Agency. When a home health agency's board of directors, or in the case of a public agency, the responsible public body, votes to discontinue the agency's provision of home health services; and
 - (1) the agency is the only home health agency with an office physically located in the county; and
- (2) the agency is not being lawfully transferred to another entity;

 need for a new home health agency or office in the county is thereby established through this Rule. Following receipt of written notice of such decision from the home health agency's chief administrative officer, the Certificate of Need Section shall give public notice of the need for one home health agency or office in the county, and the dates of the review of applications to meet the need. Such notice shall be given no less than 45 days prior to the final date for receipt of applications in a newspaper serving the county and to home health agencies located outside the county reporting serving county patients in the most recent licensure applications on file.

History Note: Authority G.S. 131E-176(25); 131E-177(1); 131E-183(b); Temporary Adoption Eff. January 2, 1997.

.3085 POLICIES FOR END-STAGE RENAL DISEASE DIALYSIS SERVICES

(a) Availability of Dialysis Care. After applying other required criteria, when superiority among two or more competing dialysis facility or station certificate of need applications is uncertain, favorable consideration shall be given to applicants proposing to provide or arrange for:

(1) home training and backup for patients suitable for home dialysis in the ESRD dialysis facility or in a facility that

is a reasonable distance from the patient's residence;

(2) ESRD dialysis service availability at times that do not interfere with ESRD patients' work schedules;

(3) services in rural, remote areas.

- (b) Relocation of Dialysis Stations. Relocations of existing dialysis stations are allowed only within the host county and to contiguous counties currently served by the facility. Certificate of need applicants proposing to relocate dialysis stations shall:
 - (1) demonstrate that the proposal shall not result in a deficit in the number of dialysis stations in the county that would be losing stations as a result of the proposed project, as reflected in the most recent Semiannual Dialysis Report, and
 - (2) demonstrate that the proposal shall not result in a surplus of dialysis stations in the county that would gain stations as a result of the proposed project, as reflected in the most recent Semiannual Dialysis Report.

History Note: Authority G.S. 131E-176(25); 131E-177(1); 131E-183(b); <u>Temporary Adoption Eff. January 2, 1997.</u>

.3086 POLICIES FOR PSYCHIATRIC INPATIENT FACILITIES

(a) Transfer of Beds from State Psychiatric Hospitals to Community Facilities. Beds in the State psychiatric hospitals used to serve short-term psychiatric patients may be relocated to community facilities. However, before beds are transferred out of the State psychiatric hospitals, appropriate services and programs shall be available in the community. State hospital beds which are relocated to community facilities shall be closed within 90 days following the date the transferred beds become operational in the community. Facilities proposing to operate transferred beds shall commit to serve the type of short-term patients normally placed at the State psychiatric hospitals. To help ensure that relocated beds will serve those persons who would have been served by the State psychiatric hospitals, a proposal to transfer beds from a State hospital shall include a written memorandum of agreement between the area MH/DD/SAS program serving the county where the beds are to be located, the Secretary of Human Resources, and the person submitting the proposal.

(b) Allocation of Psychiatric Beds. A hospital submitting a Certificate of Need application to add inpatient psychiatric beds shall convert excess licensed acute care beds to psychiatric beds. In determining excess licensed acute care beds, the hospital shall subtract the average occupancy rate for its licensed acute care beds over the previous 12-month period from the appropriate target occupancy rate for acute care beds listed in 10 NCAC 3R .3080(d) and multiply the difference by the

number of its existing licensed acute care beds.

(c) <u>Linkages Between Treatment Settings.</u> An applicant applying for a certificate of need for psychiatric inpatient facility beds shall document that the affected area mental health, developmental disabilities and substance abuse authorities have been contacted and invited to comment on the proposed services.

History Note: Authority G.S. 131E-176(25); 131E-177(1); 131E-183(b); <u>Temporary Adoption Eff. January 2, 1997.</u>

3087 POLICIES FOR CHEMICAL DEPENDENCY TREATMENT FACILITIES

Linkages Between Treatment Settings. An applicant applying for a certificate of need for chemical dependency treatment facility beds shall document that the affected area mental health, developmental disabilities and substance abuse authorities have been contacted and invited to comment on the proposed services.

History Note: Authority G.S. 131E-176(25); 131E-177(1); 131E-183(b);

Temporary Adoption Eff. January 2, 1997.

.3088 POLICIES FOR INTERMEDIATE CARE FACILITIES FOR MENTALLY RETARDED

(a) <u>Determination of Intermediate Care Bed Need for Mentally Retarded/Developmentally Disabled Persons. After applying other required criteria, when superiority among two or more competing ICF/MR certificate of need applications is uncertain, favorable consideration shall be given to counties that do not have ICF/MR group homes when such counties are part of a multi-county area for which a need is shown in 10 NCAC 3R .3079.</u>

(b) Linkages Between Treatment Settings. An applicant applying for a certificate of need for intermediate care facility beds for mentally retarded shall document that the affected area mental health, developmental disabilities and substance abuse

authorities have been contacted and invited to comment on the proposed services.

History Note: Authority G.S. 131E-176(25); 131E-177(1); 131E-183(b);

Temporary Adoption Eff. January 2, 1997.

APPROVED RULES

This Section includes the Register Notice citation to a Rule approved by the Rules Review Commission (RRC) at its meeting of <u>December 19, 1996</u> pursuant to G.S. 150B-21.17(a)(1) and reported to the Joint Legislative Administrative Procedure Oversight Committee pursuant to G.S. 150B-21.16. The full text of rules are published below when the rules have been approved by RRC in a form different from that originally noticed in the Register or when no notice was required to be published in the Register. The rules published in full text are identified by an * in the listing of approved rules. Statutory Reference: G.S. 150B-21.17.

These rules unless otherwise noted, will become effective on the 31st legislative day of the 1997 Regular Session of the General Assembly or a later date if specified by the agency unless a bill is introduced before the 31st legislative day that specifically disapproves the rule. If a bill to disapprove a rule is not ratified, the rule will become effective either on the day the bill receives an unfavorable final action or the day the General Assembly adjourns. Statutory reference: G.S. 150B-21.3.

NORTH CAROLINA ADMINISTRATIVE CODE

TITLE 15A DEPARTMENT OF ENVIRONMENT, HEALTH, AND NATURAL RESOURCES

CHAPTER 2 - ENVIRONMENTAL MANAGEMENT

SUBCHAPTER 2B - SURFACE WATER AND WETLAND STANDARDS

SECTION .0200 - CLASSIFICATIONS AND WATER QUALITY STANDARDS APPLICABLE TO SURFACE WATERS AND WETLANDS OF NORTH CAROLINA

.0237 BEST MANAGEMENT PRACTICE COST-EFFECTIVENESS RATE

The Best Management Practice cost-effectiveness rate (BMP.) represents the cost to achieve a reduction of one kilogram of total nitrogen through the use of BMP's. This rate shall be used for determining cost of nutrient controls and shall be twenty-nine dollars per kilogram (\$29/kg).

History Note: Authority G.S. 143-214.1;

Eff. April 1, 1997.

This Section contains the agenda for the next meeting of the Rules Review Commission on Thursday, February 20, 1997, 10:00 a.m., at 1307 Glenwood Ave., Assembly Room, Raleigh, NC. Anyone wishing to submit written comment on any rule before the Commission should submit those comments to the RRC staff, the agency, and the individual Commissioners by Monday, February 17, 1997, at 5:00 p.m. Specific instructions and addresses may be obtained from the Rules Review Commission at 919-733-2721. Anyone wishing to address the Commission should notify the RRC staff and the agency at least 24 hours prior to the meeting.

RULES REVIEW COMMISSION MEMBERS

Appointed by Senate
Philip O. Redwine - Chairman
Vernice B. Howard
Teresa L. Smallwood
Charles H. Henry

Appointed by House
Bill Graham - Vice Chairman
James Mallory, III
Paul Powell
Anita White

	IN THE OFFICE OF ADMINISTRATIVE HEARINGS 96 OSP 1011
)	
)	RECOMMENDED DECISION
)	
)	
)))))))

BACKGROUND

Petitioner filed for a contested case hearing in order to appeal the decision of the Respondent agency to uphold Petitioner's dismissal from work as an employee with O'Berry Center.

Petitioner contends that Respondent failed to provide Petitioner with proper notice of the reasons for her dismissal and that Respondent lacked just cause to dismiss her. Respondent contends that Petitioner received proper notice and that Petitioner was dismissed for just cause.

Petitioner filed her Motion for Summary Judgment on November 5, 1996. Respondent filed its Response on November 20, 1996. Petitioner filed her Response on December 11, 1996. This cause came on to be heard on December 16, 1996 in Goldsboro, North Carolina.

APPEARANCES

For Petitioner:

John R. Keller

Eastern Carolina Legal Services

P.O. Box 1060

Goldsboro, NC 27533

For Respondent:

Lisa G. Corbett

Assistant Attorney General

Cherry Hospital, Caller Box 8000

Goldsboro, NC 27530

ISSUE

Did Respondent fail to provide Petitioner with adequate notice of the specific reasons for her dismissal in violation of G.S. 126-35(a)?

Based upon a review of the pleadings, Affidavit of Gale Worrells, Affidavit of Frank Farrell, memoranda of counsel, and arguments of counsel, the undersigned Administrative Law Judge finds the following:

UNCONTROVERTED FACTS**

- 1. Petitioner, a career state employee, was employed at O'Berry Center since 1977.
- 2. Petitioner's last position at O'Berry Center was as a Developmental Technician II in Group Home 6-5.

While findings of fact in an order of summary judgment are unnecessary, it may be helpful to the parties and final decision maker to list the material and uncontroverted facts which are not at issue and are the basis for the conclusions of law and judgment.

- 3. Respondent's letter of dismissal dated March 20, 1996 does not include the following information:
 - a. the name of the person(s) who made the allegations upon which respondent relies to support its decision to dismiss petitioner;
 - b. the name of the resident(s) from whom petitioner is alleged to have withheld food;
 - c. the date(s) when petitioner is alleged to have withheld food from a resident(s).

Based upon the foregoing Facts, the undersigned Administrative Law Judge makes the following:

CONCLUSIONS OF LAW

- 1. The Office of Administrative Hearings has jurisdiction over the parties and subject matter pursuant to Chapters 126 and 150B of the North Carolina General Statutes and to issue a recommended decision to the State Personnel Commission which shall make the final decision.
- 2. The notice of the specific acts or omissions which provide the basis for respondent agency's decision to dismiss petitioner must be contained in the letter of dismissal dated March 20, 1996. See, G.S. 126-35(a); Luck v. Employment Security Commission of North Carolina, 50 N.C.App. 192, 272 S.E.2d 607 (1980); Employment Security Commission v. Wells, 50 N.C.App. 389, 274 S.E.2d 256 (1981).
- 3. The letter of dismissal dated March 20, 1996 failed to provide petitioner with notice of the specific acts or omissions supporting respondent agency's decision to dismiss petitioner in violation of G.S. 126-35(a).
- 4. Petitioner is entitled to summary judgment on the issue whether respondent failed to provide petitioner with adequate notice of the specific reasons for her dismissal in violation of G.S. 126-35(a) as there is no genuine issue of material fact and Petitioner is entitled to judgment as a matter of law.
- 5. Failure to provide petitioner with adequate notice of the specific reasons for her dismissal in violation of G.S. 126-35(a) requires that respondent agency's action (dismissal of petitioner from employment) be dismissed. See, G.S. 126-35(a); Owen v. UNC-G Physical Plant, 121 N.C.App. 682, 468 S.E.2d 813, discr. rev. improv. allowed, N.C. , 477 S.E.2d 33 (1996); Meyers v. Department of Human Resources, 92 N.C.App. 193, 374 S.E.2d 280 (1988), discr. rev. denied, 324 N.C. 247, 377 S.E.2d 754 (1989); Wells, supra.
- 6. Dismissal of respondent agency's action requires that petitioner be returned to status quo at the time this action was taken.

Based upon the Uncontroverted Facts and Conclusions of Law, the undersigned Administrative Law Judge makes the following:

RECOMMENDED DECISION

- 1. That Summary Judgment be GRANTED in favor of Petitioner.
- 2. That Respondent agency's action against Petitioner be DISMISSED.
- 3. That Petitioner be reinstated with full back pay and benefits.

<u>ORDER</u>

It is hereby ordered that the agency serve a copy of the final decision on all parties and to furnish a copy to the parties, attorney of record and to the Office of Administrative Hearings, P.O. Drawer 27447, Raleigh, N.C. 27611-7447, in accordance with G.S. 150B-36(b).

NOTICE

The agency making the final decision in this contested case is the North Carolina State Personnel Commission ("SPC"). The SPC is required to give each party an opportunity to file exceptions to this recommended decision and to present written arguments to those in the agency who will make the final decision. G.S. 150B-36(a).

This the 8th day of January, 1997.

Beecher R. Gray Administrative Law Judge The North Carolina Administrative Code (NCAC) has four major subdivisions of rules. Two of these, titles and chapters, are mandatory. The major subdivision of the NCAC is the title. Each major department in the North Carolina executive branch of government has been assigned a title number. Titles are further broken down into chapters which shall be numerical in order. The other two, subchapters and sections are optional subdivisions to be used by agencies when appropriate.
